FORWARD

This publication is a “living” document, which has been designed to serve as a tool for Council, staff and any other person who wishes to use it in their dealings with Council. It is only one of several reference guides to assist in conducting daily business with the Shire.

For operational purposes this document should be used in conjunction with the Management Practices Guidebook and the Delegations Register. Users should be mindful in the fact that in simple terms:

- Policy provides what can be done;
- Practices provide how to do it;
- Delegations provide who can do it.

It is important to note that Council’s adopted policies have been made to facilitate:

- Consistency and equity in decision making;
- Promptness in responding to customer needs; and
- Operational efficiency.

DEFINITIONS

POLICY: *“A course or principle of action”*

Policies will generally only be developed if they will further the achievement of the Shire’s strategic goals or contribute to the fulfilment of mandatory obligations. They are defined courses of action that should be followed in particular circumstances and are intended to give guidance to staff on what is permissible when dealing with certain matters. They guide the discretionary part of Council’s decision making and form an essential step in the delegation of Council powers.

Policies are determined by Council and may be amended or waived according to circumstances. This power is conveyed to Council in section 2.7(2)(b) of the *Local Government Act 1995*.

All Policies shall be reviewed at least once every two (2) years.

MANAGEMENT PRACTICE: *“A series of actions conducted in a certain order or manner to perform a task”*

Management practices represent the strategies and actions by which a policy is to be implemented and shall detail the steps and processes to be observed by staff.

Management Practices are a function of management and are subject to review at any time according to circumstances, to ensure that policies are being implemented in a correct, efficient and effective manner

ASSET MANAGEMENT

POL 0070: Private Connections to Shire Drainage

Purpose

To ensure suitable engineering details of a proposed drainage connection are submitted for consideration prior to any approval being issued by the Shire.

Water Sensitive Urban Design (USUD) and on-site retention of stormwater run-off is preferred by the Manager Asset Development if the site conditions are appropriate in relation to technical and amenity considerations, with the retention of run-off reducing the peak discharge of the downstream drainage system.

Scope

Document defines design requirements and method of determination of costs involved, for the connection of private properties or new developments to the Shire of Esperance stormwater drainage system. Policy affects any private landowner or developer wishing to link property drainage infrastructure in to the Shire's Stormwater drainage system.

Definitions

N/A

Practice

Any approval for private connection to Shire Drainage shall be subject to the following conditions -

1. The Shire must be given forty-eight (48) hours' notice by the applicant of the intention to undertake works within the road reserve. Shire inspection is required.
2. The applicant shall be responsible for determining and obtaining the necessary permits, etc. if required, to excavate near to or adjacent to any existing services. The applicant is fully responsible for contacting relevant service authorities to determine the exact location of services and will be responsible for any damage caused to services during the course of construction.
3. During the course of the works the applicant/property owner shall ensure the works are carried out by a suitably qualified tradesperson, and shall be responsible for all aspects of the works, including public safety. Traffic Management is to be in accordance with *AS 1742.3* and *MRWA Code of Practice for Traffic Management for Works on Roads*.
4. All works required pursuant to the conditions of approval shall be designed and constructed, at the applicant's cost, in accordance with the requirements of Shire of Esperance and *Australian Rainfall and Runoff*.
Certified engineering design plans by a registered professional engineer will be required to be submitted for approval by the Manager Asset Development if requested by the Shire. Alternatively, the applicant may request Council to carry out the design and/or construction of the works subject to Shire resource

availability. Work undertaken by the Shire of Esperance shall be costed at Private Works rates.

5. All road verge areas, kerbing or footpaths/dual use paths affected by the works shall be reinstated to the satisfaction of the Manager Asset Development following completion of the drainage connection works. In the event of the work being considered unsatisfactory by the Manager Asset Development, the Shire will reinstate at the applicant's cost to Shire standards. Such cost shall be at Private Works rates.
6. A head works fee, paid by the applicant, for a connection to existing Shire of Esperance drainage shall be on the basis of the impervious area being added to the existing drainage system in relation to the total catchment area. The headworks fee is to be as per Council's annual schedule of fees and charges.
7. Where downstream stormwater drainage will require upgrading as a direct result of a proposed connection, the applicant will be responsible for a portion of the associated augmentation costs as determined by the Shire. In determining such costs the Shire will consider the anticipated stormwater runoff from the relevant fully developed catchment and the proportion of runoff contributed to the system by the proposed connection. The Shire reserves the right to refuse connection or stage augmentation works of downstream drainage to accommodate a specific connection.

Contributions of actual works, in lieu of cash, may be acceptable subject to the discretion of the Shire.

8. Where stormwater drainage systems deemed necessary to serve a development by the Manager Asset Development do not exist, the applicant will be responsible for a proportion of the design and construction costs of the required system to a nominated legal point of discharge. The applicant's contribution shall comprise the lesser of the following:
 - a. The relevant proportion of the cost to design and construct a suitable drainage system for the fully developed catchment as determined in accordance with Shire of Esperance drainage guidelines, *Water Sensitive Urban Design (USUD)* and current *Australian Rainfall and Runoff*. In determining such costs the Shire will consider the anticipated design discharge from the fully developed catchment and the proportion of runoff contributed by the proposed development; or
 - b. The cost of the design and construction of a suitable stormwater drainage system from the proposed development to a legal point of discharge as nominated by Council. The subject stormwater drainage system shall be constructed in accordance with Shire' drainage guidelines and *Australian Rainfall and Runoff*.

Council reserves the right to refuse connection or staged construction of the downstream drainage to serve a proposed development. Contributions of actual works in lieu of cash may be acceptable subject to the discretion of Council.

POL 0071: Property Owners Contribution to Underground Power

Purpose

To define any contribution that would be required from property owners in the event of the Shire being successful with a State Underground Power Program application.

Scope

Document defines how the Shire will determine the amounts required to be contributed by adjacent property owners in the event of a successful State underground power program application. Policy affects property owners adjacent to sections of overhead power supply lines which are intended to be replaced with underground power supply infrastructure under the program.

Definitions

State Underground Power Program: The State Underground Power Program is an initiative that replaces overhead power lines in established areas with underground power infrastructure. This program is due to conclude in 2024 and be replaced with the Targeted Underground Power Program (TUPP)

Practice

That the Shire use the following method when requiring adjacent property owners to contribute towards Underground Power -

1. All property owners pay a pro rata amount based on road frontage, with connections costs being the owner's responsibility.
2. The proportion of the Shire owned land (road intersection, right of way, etc) be included in the calculation of frontage.
3. Property owners are to contribute 50% of the total project cost, excluding the streetlight component that is the Shire's responsibility.
4. Project financing costs are to be accounted for in the total costs. This will be calculated by working out how much the Shire's borrowing costs will be over the period, and adding this to the amount to be collected from property owners.
5. Property owners with switchgear or transformers located on their property (with the exception of the Shire will receive a 20% discount on their contribution.
6. The Shire is to consider at the time of raising the service charge, whether property owners should be charged in instalments over a number of years. The average charge is to be utilised in considering whether a service charge should be over more than one year.
7. Pensioners to be given a 50% rebate, if funding can be recovered by the Shire from the Office of State Revenue (or other Government Instrumentality).
8. Undertake the collection of funds from ratepayers by way of a service charge levied under Section 6.38(1) of the *Local Government Act 1995*.

9. Establish a Reserve fund under Section 6.11 of the *Local Government Act 1995* as required by Section 6.38(2), if funds received by way of service charges exceed the current year's projected expenditure.

POL 0072: Permanent Road Closures

Purpose

To allow the Shire to consider applications from adjacent landowners to have a road reserve closed.

Scope

Document details points for consideration upon receipt of a request from an adjacent landowner for the permanent closure of a road reserve. Policy affects property owners with lots adjacent to road reserves who wish to have said road reserve closed permanently as well as Shire staff required to assess these requests.

Definitions

N/A

Practice

The Shire will consider, on representation from adjacent landowners, to approach the relevant authorities to have a road reserve closed.

Processing of such an application will be considered on the following basis -

1. That the closure is consistent with the Shire of Esperance Functional Road Hierarchy.
2. That the road reserve is not required for reasons of planning, particularly in relation to future land development and access.
3. That road reserves containing native vegetation should be retained to preserve the existing flora and fauna within the reserve.
4. That the road reserve has potential for future native vegetation offsets/land swaps in pursuit of natural resources.

That if a road is closed the land within the reserve may be annexed to adjacent holdings.

POL 0073: Street Verge Development

Purpose

To provide an opportunity for residents to develop and maintain street verges and to ensure that street verges within the Shire of Esperance are managed and developed to an appropriate and consistent standard, with due regard to streetscape amenity, aesthetics and public safety.

Scope

This policy applies to townsite street verges within the Shire of Esperance.

Definitions

N/A

Practice

Background

Street verges make an important contribution to the aesthetic nature of the Shire of Esperance. A street verge can provide amenity value and add character whilst providing a range of environmental, social and economic benefits. Street verges are typically described as the area of land between a road edge and the adjacent property boundary.

The Shire recognises that the appearance of a verge is important to property owners/occupiers because of the significant aesthetic impact on their dwellings. The Shire maintains street verges with available resources with a priority on verges adjacent to public sites, community assets and infrastructure or based on broader community benefit.

Policy

Street verge development and maintenance may be undertaken by adjacent landowners in accordance with the relevant conditions.

Conditions

1. A person shall not plant and maintain a garden or lawn on a street verge -
 - a. such that it extends beyond the frontage of the adjoining/abutting property in respect of which the approval is granted;
 - b. such that it encroaches on the pavement of the carriageway or a constructed path or adversely impacts on Shire infrastructure;
 - c. such that it encompasses earth mounding, rocks, retaining walls or built structures, i.e. fountains, ponds; or
 - d. to the exclusion of any public pedestrian access.
2. The owner or occupier of land abutting a street verge, in which a lawn or garden is to be planted and maintained, shall make arrangements to determine the

location of public utilities which may be located within the road reserve, prior to installation and shall be liable for damage to any utilities.

3. Street verge development in line with this policy does not give the person the right to clear native vegetation.

Permissible Treatments

The owner or occupier of land abutting onto a street verge may, on the street verge in front of such land, install one of the following five treatments:

Treatment One – Lawn

1. Plant and maintain a lawn subject to -
 - a. The owner of land abutting a portion of a street verge in which a lawn is planted, ensuring that any water pipe laid to that lawn:
 - b. Is kept beneath the surface of the road reserve, at a depth of not more than 300mm no less than 150mm and so that any fitting connected to a pipe does not project above the surface of the lawn or garden.
 - c. If connected to a public water supply, complies with the requirements of the Water Corporation being the body constituted for, and having control of water in the district.
 - d. If connected to a private water supply, where passing under road, pavement, made footpaths, or crossings, is of at least class 12 PVC piping.
 - e. Has approved valves, located within the private property where they are connected to the water supply and is fitted so as to give complete control of the flow and isolation of water for that supply.
 - f. Irrigation sprinklers must be positioned to minimise water spraying on either pedestrian pathways or vehicle carriageways and adjacent properties.

Treatment Two – Garden

Plant and maintain a garden subject to -

1. The Shire encourages the residents to plant native species that are drought tolerant and water saving verge treatments.
2. No part of the garden (plant, or other vegetation making up the garden) exceeding a height of 750mm (excluding approved street trees).
3. No plant or other vegetation making up the garden being of an invasive, thorny or poisonous nature or otherwise creating a hazard.
4. Where there is no footpath, a 2.0m wide strip parallel and adjacent to the kerb being provided and this area being sufficiently stable for pedestrian traffic and as approved by the Manager Asset Development.
5. In the event that portion of the garden being lawn or involving the installation of irrigation infrastructure, that development complying with Treatment One as described above.

Treatment Three – Part Paved Areas

Portion of a street verge may be treated with an 'acceptable material' subject to -

1. The area of hard surface being limited to a maximum of 33% of the total area of the verge (excluding any crossover).
2. Hard surface treatments being installed to accommodate vehicle loadings in compliance with the Shire's specifications for the construction of residential crossovers.
3. The remainder of the street verge being developed with lawn or garden.
4. In the event that lawn or garden is planted on the remaining portion of the road reserve, that development complying with Treatment One and or Treatment Two described above.

Treatment Four – Complete Paved Area

The Shire at its discretion may approve the paving of an area which is greater than 33% of the total verge (excluding existing crossovers) with an 'acceptable material' subject to -

1. A proven need
2. In the opinion of the Shire, not constituting a negative impact on the aesthetic and amenity value of the existing streetscape.
3. An appropriate storm water drain disposing of excess water into an approved soak well system.
4. The construction of the drain and soak well being installed to specifications approved by the Shire.

Treatment Five – Verge Stabilisation

The street verge may be stabilized with a 50mm thick permeable layer of gravel or scalps to stabilize sandy surfaces. It is the landowner's responsibility to maintain the surface to a smooth uniform finish.

Obligations of Owner or Occupier

Maintenance of street verge landscaping (apart from a street tree if present) is the responsibility of the owner and/or occupier of the property adjoining the street verge.

An owner or occupier who installs or maintains an approved verge treatment shall -

1. Keep the approved verge treatment in a good and tidy condition and ensure, where the verge treatment is a garden or lawn, that a footpath on the verge and a carriageway adjoining the verge is not obstructed by the verge treatment.
2. Not place any obstruction on or around the verge treatment.
3. Not disturb a footpath on the verge.

Interpretation

This Policy is to be read in conjunction with the Shire of Esperance *Activities in Thoroughfares and Public Places and Trading Local Law 2016* and *Shire Street Tree Policy*.

The term 'acceptable material' includes brick paving, bitumen, concrete, compacted metal dust/scalps and paving slabs. Materials not classified as acceptable include crushed brick rubble, limestone, pea gravel or any other material deemed by Council to be unstable or unsuitable.

Implementation

1. Verge development in accordance with Treatments Two, Three and Four require written approval of the Shire.
2. Applications for verge development in accordance Treatments Two, Three and Four are to include a plan detailing the proposed verge development, including the portions of any proposed garden beds, trees, shrubs and paved areas.
3. Applications must include details of any proposed plant species, noting that unsuitable species, such as those of an invasive, thorny or poisonous nature will not be approved.

3. Exploration to proceed with minimal interference with flora and fauna contained within the area under exploration. Any removal of native vegetation to be in accordance with the *Environmental Protection (Clearing of Native Vegetation) Regulations 2004*.
4. The applicant must, where necessary, rehabilitate exploration sites where native vegetation is disturbed.
5. Exploration to be in accordance with the requirements under the current Aboriginal Cultural Heritage Act, Regulations and associated Guidelines.
6. Drilling operation to cease during periods when there is a total fire ban declared or a harvesting and vehicle movement issued in the area of exploration.
7. The Shire is to be provided with detail of any gravel reserves or potable water supplies which may be discovered during the drilling operation.
8. The holder of the Exploration License must undertake drilling operations in such a manner so as to -
 - a. prevent the interaction of aquifers (this may require casing of drill holes); and
 - b. avoid interference with aquifers tapped by private water supplies.
9. Where the exploration is within a road reserve or near a public road, a Traffic Management Plan (TMP) is required to be submitted as part of the application. The TMP is to be undertaken by a qualified person be in accordance with -

11. All drill holes in the road reserve are to be maintained to ensure public and animal safety. All drill holes are to be reinstated upon completion of the exploration.
12. Any surfaces disturbed during the operations to be reinstated to the satisfaction of the Director of Asset Management. In the event of the work being considered unsatisfactory by the Director of Asset Management the Shire will reinstate at the applicant's cost to Council standards. Such cost will include the Shire of Esperance Private Works On-Cost.
13. A breach of any of the conditions and requirements by the applicant (or their contractor or sub-contractor or agent etc.) will result in their approval being revoked, with exploration to immediately cease within any land managed by the Shire.

The applicants must provide the Shire with correspondence agreeing to or addressing the 13 dot points above.

This Policy does not remove the need for any approvals required under relevant legislation, including the *Mining Act 1978* and the *Environmental Protection Act 1986*.

POL 0075: Delegated Authority to Approve Off-Site Signage on Main Roads

Purpose

To allow the Shire to consider applications for off-site signage, under delegation of authority on Main Roads.

Scope

Document details the principles to be considered when approving signage which is visible from the road carriageway but is located within private property. Policy affects land and business owners wishing to install signage on private property and Shire required to assess these requests.

Definitions

Off site: refers to locations outside the road reserve.

Practice

The following principles are to be applied when using delegated authority relating to applications for off-site signage on main roads.

Delegated Authority Relating to Main Roads Sign Categories 2, 3 and 4.

The following principles will form the basis of the Shire's consideration of applications for off-site signage, under Delegation of Authority relating to Main Roads.

1. Farm signage of a directional, non-commercial nature will be permitted in road reserves in compliance with relevant Main Roads General Permission Criteria. Wherever possible, directional farm signage will be positioned adjacent to the farm property entrance.
2. All approved signage must be kept in a well maintained condition and remain relevant to the advertised business name and activity, or farm locality.
3. Approved signage will be licensed for a five (5) year period, with common expiry date of 31 December.
4. To assist the Shire to comply with Main Roads General Permission Criteria Chapter 9.1.2 (Traffic Hazard Potential), private landowners are permitted one (1) commercial sign only per lot/location.
5. Failure to comply with Statement of Principles or maintain Main Roads General Permission Criteria will terminate the license and require removal of signage by owner.

Under these arrangements, approved commercial advertising is restricted to private property and directional signage only may be permitted in road reserves.

The Chief Executive Officer is authorised to convey the requirements to existing off-site owners and ensure compliance is maintained with Main Roads General Permission Criteria.

Council first accepted Mains Roads delegated authority for the management of Category 2 signs within the Shire in 1997.

In 1998 Council accepted Main Roads delegated authority for the control and management of Category 3 and 4 type signage within the Shire.

POL 0077: On-Farm Drainage

Purpose

To ensure guidelines are in place for the placement of drainage infrastructure within Shire controlled road reserves for the management of On-Farm Drainage.

Scope

Document provides guidance on the requirements for land owners and Shire officers involved in the process of obtaining/approving on farm drainage modifications where this drainage discharges into shire reserves.

Definitions

N/A

Practice

Where appropriate, Council may allow drainage infrastructure to be placed within the road reserve to control and direct the disposal of on farm drainage from a rural property.

This policy will deal with the two main types of drainage being subsurface drainage and overland flow drainage.

Subsurface Drainage

The following conditions need to be met for approval of drainage infrastructure within the road reserve –

1. All pipes are to be class 4 concrete pipes unless otherwise agreed by the Director Asset Management.
2. Pipes are to be installed from property boundary to property boundary unless otherwise agreed by the Director Asset Management.
3. Pipes are to have a minimum of 300mm of compacted gravel as coverage.
4. The minimum pipe size for drains over 1m deep will be 600mm.
5. The minimum pipe size for drains less than 1m deep will be 450mm.
6. End walls are to be installed on both ends of the pipe including concrete foot and toe walls.
7. Overland flows should be excluded through the use of bunding or embankments on the channels.

Overland Flow Drainage

The following conditions need to be met for approval of drainage infrastructure within the road reserve –

1. The applicant shall engage a suitable qualified engineer to provide all details including the upstream catchment area, natural catchment characteristics, design discharge calculations and the size and type of drainage structure

required to cater for the catchment discharges based on design storms as defined in Council’s Subdivisional Design requirements for Rural Subdivisions.

2. Catchment information provided shall accurately define the contributing areas and include contour information at a maximum of 1m intervals.

Common

The following conditions are common to both the Subsurface and Overland Flow drainage requirements for infrastructure within the road reserve –

1. All appropriate permits and approvals need to be obtained by the applicant. The approvals must be sited by shire staff prior to works commencing on site.
2. The applicant must provide written approval from all downstream property owners within the subject discharge area.
3. All works within the road reserve are to be carried out by the shire or its nominated sub- contractor and shall be charged at private works rates.

Applicants will be required to complete a Rural Drainage Management application form and address all of the above requirements, dependent on the type of drainage discharge to be directed across the road reserve, prior to approvals being issued.

Council reserves the right to pursue payment of compensation from any landowner for damage to Council infrastructure caused by drainage operations that have occurred without adherence to this policy or Council approved conditions.

POL 0078: Street Tree

Purpose

This policy is designed to protect and preserve trees in streets and public open space. It provides rules to determine what species can be planted, circumstances under which they can be removed or pruned, and their ongoing management.

Scope

This policy applies to all street trees within the Shire of Esperance.

Definitions

Tree: is defined in the Shire's Thoroughfares and Public Places Local Law as a woody perennial plant generally having a single stem or trunk which will grow to a height of approximately 4 metres or more.

Naturally Occurring Tree: has developed through the Shire's Parks and Reserves' practices to mean a remnant of a natural area (e.g. Bushland, wetland, and coastal dune) that was originally intact but subsequently cleared for development as recreational parkland, residential lot, road reserve etc.

Practice

The Shire recognises the significance of street trees within the urban setting in terms of creating functional and aesthetic streetscapes and has the responsibility of planning, establishment and maintenance of all street trees in the town site. The Shire recognises street trees as a Shire asset and the retention of street trees will be considered as a priority.

In general, the Shire will plan for the retention and protection of suitable trees within public open space, verges and proposed road reservations, and for urban enhancement by the planting of selected trees. Specifically -

1. The Shire shall give consideration to the use or retention of street trees as a priority as part of any streetscape in its planning process.
2. Naturally occurring trees, where appropriate, shall be retained within the streetscape.
3. Selection of new varieties shall be in accordance with landscape requirements, taking into account local conditions and circumstances.
4. Public utility providers and land owners shall consult with the Shire prior to undertaking any work on public open space, verges and road reservations containing street trees and any works within tree protection zone.

Street Tree Planting

The Shire is responsible for the planting of all street trees, specifically -

1. The Shire shall undertake tree planting on streets, as identified under its long term programme.

2. Subject to Shire approval Residents/occupants may be permitted to plant their own street tree in accordance with the Shire specifications.
3. The following serve only as guidelines for all street tree plantings. Variations under exceptional circumstances shall be at the discretion of the Director Asset Management.
 - a. Plant at least three metres away from any public utility junction box, manhole, pole or aerial feeder line.
 - b. Plant in accordance with utility providers *Code of Practice* relating to the street tree alignment.
 - c. Generally plant trees on a spacing interval of one tree per property frontage with similar spacing being maintained on large frontage lots.
 - d. Plantings near road intersections and driveway crossover will be subject to pedestrian and motorist safety assessment.

Street Tree Watering

The Shire is responsible for the post planting care and maintenance of all street trees. However, residents/occupants are encouraged to assist with street tree watering. Specifically -

1. Council shall undertake the watering of all new street trees, as and when required, until the trees are established.
2. Street tree watering shall include all Council's programmed plantings.
3. Residents/occupants shall be encouraged to water their street tree during the establishment period.
4. Council shall adopt appropriate practices of post planting care to ensure the survival of all trees planted.

Pruning of Street Trees under Power Lines

The Shire is responsible for the pruning of all street trees under power lines.

1. The Shire shall undertake the pruning of all street trees under powerlines on a programmed basis.
2. Programmed street tree pruning shall include trees on the side of the street affected by overhead powerlines as well as trees affected by electrical feeder lines to individual properties on the opposite side of the street.
3. Programmed pruning shall not normally include trees on the opposite side of the street to powerlines.
4. Programmed pruning is to be planned each year, on a needs basis.
5. Pruning will be undertaken in accordance with *Australian Standard 4373 – Pruning Amenity Trees*
6. Programmed street tree pruning shall be to normally fulfil any of the following requirements -
 - a. To clear the canopy from interference with overhead powerlines and other essential services
 - b. To remove overhanging branches considered hazardous to traffic, buildings or structures

- c. To under-prune low growing branches considered hazardous to traffic or pedestrians
- d. To form the shape of developing trees
- e. To re-define the framework of mature trees
- f. To rejuvenate vigour into unthrifty growth
- g. To reduce crown density or to redistribute growth to lateral branches
- h. To remove dead, dying, diseased or pest infested limbs and branches
- i. Other as required based on tree inspections by shire staff

Pruning of Street Trees not Affected by Powerlines

The Shire is responsible for the pruning of all street trees not affected by powerlines.

The Shire will investigate requests for pruning street tree not under power lines and respond in accordance with adopted procedures. Specifically -

1. Under its programmed pruning schedule, the Shire shall crown thin, under prune, property line prune and remedial prune selected street trees unaffected by power lines, this pruning will be undertaken in the interests of -
 - a. Public safety
 - b. Reducing structural risk to the tree
 - c. Removing growth abnormality or disease, from the tree
 - d. Other as required based on tree inspections by shire staff
2. Where residents/occupants contact the Shire with a request to prune a tree unaffected by power lines, the following procedure is to be followed -
 - a. The tree is physically inspected. An inspection report is to be completed, containing relevant statistical details.
 - b. All results and recommendations from these inspections and reports are to be considered prior to any discussion and a final decision on action to be taken with the tree.
 - c. In the event of a specific issue relating to pruning of significant trees, unaffected by power lines not being adequately covered by this policy/procedure, the matter is to be referred to Council for consideration and determination.
3. The following are not considered sufficient reasons for pruning trees -
 - a. The tree obscures or may potentially obscure views (other than traffic / pedestrian sight lines).
 - b. The tree variety is a nuisance by way of leaf, fruit and bark shedding or the like.
 - c. The tree shades private gardens, solar hot water systems or the like.
4. Ownership and maintenance of all street trees is the responsibility of the Shire; Residents are not permitted to prune any street tree without prior approval.

Unauthorised Street Tree Planting

Street trees planted without the Shire's approval are considered unauthorised plantings, but may be retained subject to certain conditions being met. Specifically -

1. An unauthorised street tree planting shall constitute any one of the following -
 - a. A tree planted without the authority of the Shire

- b. A tree planted of an inappropriate variety for verge planting or under powerlines
2. Where an unauthorised street tree planting is identified, the Shire shall determine whether the planting can be retained if it conforms to the Shire's Specifications.
3. Where the planting is of a recent origin and the tree is of a conforming variety but on the wrong alignment or spacing, the Shire shall appropriately relocate the tree after the resident/occupant has been notified and providing the variety lends itself to transplanting.
4. All unauthorised street tree plantings that are retained will become the ownership of the Shire.

Street Tree Removal

The Shire recognises the significant contribution made by street trees to both the aesthetic and environment aspects of existing streetscapes within the Shire. The Shire recognises street trees as a Shire asset and the retention of street trees will be considered as a priority.

It also recognises that in some cases, tree retention may not be desirable, feasible or reasonable, owing to condition, location or species of the tree, its implications for development on an abutting site and/or the achievement of other Council objectives. The Shire will not remove street trees except where retention is considered undesirable, such as where: exceptional circumstances exist relating to public risk and safety; the tree species is not an approved variety and is not acceptable to the Shire; or the tree precludes redevelopment of an adjoining site, with no other reasonable design alternative to removal.

The Shire is responsible for the removal of street trees. Unauthorised removal of any street tree is not permitted. Owing to the hazardous nature of the task, residents/occupants will not be permitted to remove any street trees themselves. All approved removals shall be undertaken by the Shire or its nominated contractor.

Specifically -

The Council shall normally undertake the removal of trees (based on quotation from its preferred contractor) under the following circumstances -

1. The tree is diseased and beyond remedial treatment, or dead; The tree has been assessed by the Shire as structurally weak and dangerous, placing the public at risk;
2. The tree has been irreparably damaged by a storm;
3. The tree is hazardous to motorists/pedestrians owing to interference in suitable sightlines presented by the trees alignment or spacing;
4. The tree is affected by road widening, service modification/relocation or other infrastructure works and all other options to retain the tree have been deemed by the Shire to be inappropriate;
5. The tree is dangerously in contact with overhead powerlines or distributor wires to properties and where, for reasons of growth habit pertaining to the variety, selective pruning is not practical with the only option being severe lopping;

6. The tree impinges on the development potential of the abutting property(s) with no reasonable design alternatives existing. A 'reasonable design alternative' may involve -
 - a. Deletion of second/additional crossovers to development sites and the requirement for shared access;
 - b. The altering of development design to relocate crossovers out of the way of street trees;
 - c. The tapering of driveways to a maximum of 1 in 5 to avoid the street tree.
7. Driveways/crossovers should be located a minimum of 1.0m away from a street tree depending on tree type and location, sight lines and traffic safety, and the capacity to avoid future damage to the crossover through the installation of root barriers.
8. Redesign to retain street trees involving the following will not normally be required of applicants -
 - a. Access design not meeting the Shire's traffic safety requirements;
 - b. Changes affecting the number of dwellings the lot is capable of sustaining under the zoning;
 - c. For developments involving 3 or fewer dwellings, the relocation of infrastructure/services costing more than \$5,000, or, in other circumstances, an unreasonable cost impost. Redesign costs will not be taken into account as the R-Codes clearly require avoidance of street trees as a routine requirement;
9. Where street tree removal is approved as part of a development approval, this will be noted as advice on the approval. The approval will also be conditioned to require the applicant to meet the cost of removal by the Shire or authorised contractor and the replacement of the tree(s) with a 45L (or as otherwise approved) tree of a species acceptable to the Shire. The applicant will also be required to maintain (water) the new trees for the first two summers.
10. Relevant planning approvals may include the following advice note: *"The vehicular access shown in this application has been assessed and determined based upon the location of street trees as shown on the submitted plans. It is the responsibility of the applicant to ensure this information is correct as any inaccuracy of the plans will not be considered justification for removal of the trees in the event that their positions incorrectly shown. Removal of street trees without written approval of the Council is an offence."*
11. Significant conflict with another planning objective of the Shire.
12. The following are not considered sufficient reason for the removal of trees -
 - a. The tree obscures or potentially obscures views (other than traffic/pedestrian sight lines);
 - b. The tree variety is disliked;
 - c. The tree variety is a nuisance by way of leaf, fruit and/or bark shedding or the like;
 - d. The tree causes allergy and/or health problems;
 - e. The tree is in the way of a non-essential crossover or verge paving option;
 - f. The tree shades private gardens, solar hot water installations or the like.

Definitions

Infrastructure Asset: in accordance with the *International Infrastructure Management Manual*, is a physical component of a facility which has value, enables services to be provided and has an economic life of greater than 12 months. Dynamic assets have some moving parts, while passive assets have none.

Practice

The Shire of Esperance's physical infrastructure includes transport, buildings, parks and open reserves, coastal marine, drainage, fleet asset and commercial asset classes. The infrastructure is essential for delivering the services provided by Council.

We are committed to -

3. Providing a level of service to the community that responds to community needs;
4. Ensuring the services currently provided are available for future generations;
5. Providing infrastructure in a condition that supports the services provided;
6. Identifying funding to support and maintain our infrastructure; and

To accumulate funds that will be used for structural components in the replacement, extension or upgrade of the community halls and centres in the Shire, by allocating sufficient funds to the Building Maintenance Reserve each year to ensure that the Shire has adequate funds available to meet funding requests.

Scope

The policy set out the process and conditions for Community Hall Management Committees to access financial assistance from the Shire to undertake building works at a Community Hall.

Definitions

Community Halls: Condingup, Cascade, Grass Patch, Salmon Gums, Beaumont, Dalyup and Scaddan

Standard Community Halls: the size of 305m²

Practice

Fund Management

The Council will ensure funds are available within the Building Maintenance Reserve.

To access funding, the various management committees are required to apply for funding in a similar method as the Community Grants Program, and the Council would assess the merit of each application.

What will be funded

Structural component costs only - being defined as such parts of a building as walls, roof, floors, ceilings, windows and doors; in-wall and under floor plumbing; septic or sewerage; electric wiring; stairs; and fire escapes.

Eligibility Criteria

Applications for funding to replace, extend or upgrade a community hall will need to -

1. be for an identified and recognised hall or community centre- only one centre/hall per location.
2. demonstrate a substantial degree of community support and representation
3. demonstrate clear community benefit
4. be an incorporated body
5. identified funding or in-kind contribution to complete the project

6. have a valid lease with the Shire of Esperance if funding is related to a building which is on a Reserve vested in the Shire of Esperance. (Organisations that operate from buildings on Shire Reserves will have to comply with insurance and lease conditions).

Fund Allocation

To strive for equity across all communities, the funding for each project is calculated on a percentage based on the size of each hall/centre compared to the size of a standard hall of 305 m². This percentage is applied to the cost of the structural component of the renovation or replacement. It is the management committee that is responsible for all maintenance of the building and any requirements over and above the funding offered by the Shire.

Example for Renovation

If the Grass Patch Committee requested assistance to renovate the Grass Patch Hall then the level of support would be calculated as follows:

'Average Hall Area' divided by 'Actual Hall Area' multiplied by 'Cost of New Roof'

$$305 \text{ m}^2 / 330 \text{ m}^2 \times \$50,000 = \$46,000$$

Example for Replacement

If the Grass Patch Committee requested to replace the Grass Patch Hall then the level of support would be calculated as follows:

'Average Hall Area' divided by 'New Hall Area' multiplied by 'Cost of New Hall

Structural Component'

$$305 \text{ m}^2 / 1000 \text{ m}^2 \times \$1,000,000 = \$305,000$$

Accessing Reserve Funding

Applications must be to the Chief Executive Officer.

Applications to include -

1. Plans
2. Quotations
3. Certificate of Incorporation
4. Evidence of community consultation and support
5. Proposed funding avenues

The Council will assess each application on its merit.

Conditions of Funding

By accepting funding, the community agrees -

1. That funds will only be used for the agreed purpose

2. Applicants successful in securing funding will need to comply with a number of conditions. These conditions will be detailed in a funding letter of offer to the organisation. Conditions relate to -
 - a. general operations
 - b. financial reporting
 - c. providing documentation.

Accessing Additional Funding

The Management Committees are able to apply to the Community Grants Program for any costs that fall outside the funding offered under this Policy. Where the centre includes sporting facilities, the management committees are encouraged to apply for Community Sport and Recreation Facilities Funds through the Department of Sport and Recreation.

POL 0017: Procurement

Purpose

1. To ensure compliance with all relevant legislation including the *Local Government Act 1995* (Act) and the *Local Government (Functions and General Regulations 1996)* (Regulations);
2. To ensure all purchasing activities are recorded in compliance with the *State Records Act 2000* and internal record management practices of the Shire of Esperance (Shire);
3. To demonstrate that best value for money is attained for the Shire;
4. To mitigate probity risk, by establishing processes that promote openness, transparency, fairness and equity to all potential suppliers;
5. To ensure that sustainable benefits such as environmental, social and local economic factors are considered in the overall value for money assessment; and
6. To ensure all purchasing activities are conducted in a consistent and efficient manner organisational-wide, and that ethical decision making is demonstrated.

Scope

This policy is to be followed by all Shire employees.

Definitions

N/A

Practice

The Shire is committed to delivering best practice in procurement, aligned with the principles of transparency, probity and good governance, and in compliance with all statutory requirements.

All purchasing activities undertaken at the Shire are to be in accordance with this Policy.

1. Ethics and Integrity

All officers and employees of the Shire undertaking purchasing activities must have regard for the Code of Conduct and shall observe the highest standards of ethics and integrity. All officers and employees of the Shire must act in an honest and professional manner at all times which supports the standing of the Shire.

2. Value for Money

Value for money is an overarching principle governing procurement that allows the best possible outcome to be achieved for the Shire. It is important to note that compliance with the specification is more important than obtaining the lowest price, particularly taking into account user requirements, quality standards, sustainability, life cycle costing and service benchmarks.

An assessment of the best value for money outcome for any purchasing should consider -

- a. All relevant whole-of-life costs and benefits including transaction costs associated with acquisition, delivery, distribution, as well as other costs such as, but not limited to, holding costs, consumables, deployment, maintenance and disposal;
- b. The technical merits of the goods or services being offered in terms of compliance with specifications, contractual terms and conditions and any relevant methods of assuring quality;
- c. Financial viability and capacity to supply without risk of default (competency of the prospective suppliers in terms of managerial and technical capabilities and compliance history); and
- d. A strong element of competition in the allocation of orders or the awarding of contracts. This is achieved by obtaining a sufficient number of competitive quotations wherever practicable.
- e. Where a higher priced conforming offer is recommended, there should be clear and demonstrable benefits over and above the lowest total priced, conforming offer.

3. Local Purchasing

After having due regard to, but not limited to, the quality of the product, availability of after sales service, supply date, freight costs and degree of urgency, the Shire officers are encouraged to purchase locally.

4. Purchasing from Aboriginal Businesses

After having due regard to, but not limited to, the quality of the product, availability of after sales service, supply date, freight costs and degree of urgency, Shire officers are encouraged to purchase from Aboriginal Businesses.

5. Sustainable Procurement

After having due regard to, but not limited to, the quality of the product, availability of after sales service, supply date, freight costs and degree of urgency, Shire officers are encouraged to consider purchase that minimise negative environmental and social impacts.

6. Purchasing Value and Thresholds

Purchasing value is to be based on the following considerations -

- a. Exclusive of Goods and Services Tax (GST); and
- b. The actual or expected value of a contract over the full contract period, including all options to extend; or the extent to which it could be reasonably expected that the Shire will continue to purchase a particular category of goods, services or works and what total value is or could be reasonably expected to be purchased. If a purchasing threshold is reached within three years for a particular category of goods, services or works (including low value, repetitive contracts), then the purchasing

requirement under the relevant threshold (including the tender threshold) must apply; and

- c. Must incorporate any variation to the scope of the purchase and be limited to a 10% tolerance of the original purchasing value.

The table below prescribes the procurement practices the Shire must adhere to, based on purchasing value:

Purchasing Value	Procurement Practice
< \$5,000	Direct purchase from suppliers. The Officers' professional discretion is required to ensure best value is maintained.
\$5,000 - \$75,000	<p>Seek a sufficient number of written quotes, minimum of two (2), containing price and a sufficient amount of information relating to the specification of the goods or services being purchased. Procurement decision to be based on all value for money considerations. Record keeping requirements must be maintained in accordance with Shire policies and procedures.</p> <p>Alternative process: A Selective or Public Request for Quote process is undertaken and an evaluation panel is established to assess the submissions.</p>
\$75,000 - \$250,000	<p>Seek a sufficient number of written quotes, minimum of three (3), containing price and a sufficient amount of information relating to the specification of the goods or services being purchased. For this purchasing value range, the procurement decision should not be based on price alone. It is strongly recommended that consideration be given to qualitative factors such as quality, stock availability, accreditation, time for completion or delivery, warranty conditions, technology, maintenance requirements, organisation's capability, previous relevant experience and any other relevant factors.</p> <p>Alternative process: A Selective or Public Request for Quote process is undertaken</p>

	and an evaluation panel is established to assess the submissions.
> \$250,000	Conduct a public tender process unless exempt by Part 4, Division 2, Section 11 (2) of <i>Local Government (Functions and General) Regulations 1996</i> .

Where it is considered beneficial, tenders may be called for contracts with an anticipated purchasing value < \$250,000. In this is the preferred option, a public tender process shall be undertaken in accordance with Part 4, Division 2 of the Regulations.

Exemptions to Procurement Practice

An exemption to procurement practice may apply in the following instances -

- a. The purchase is to be obtained from expenditure authorised in an emergency
- b. The purchase is obtained from a pre-qualified supplier under the WALGA Preferred Supplier Program or Common Use Arrangements
- c. The purchase is supplied from a government of the State or the Commonwealth or any of its agencies, or by a Local Government or a Regional Local Government
- d. The purchase is from a sole supplier of the goods or services
- e. The purchase is petrol or oil or any other liquid or any gas used for internal combustion engines
- f. The purchase is from a pre-qualified supplier under a Panel established by the Shire
- g. The following purchases where the value does not exceed \$250,000 Ex GST over 3 consecutive years -
 - i. Primary road building materials
 - ii. Memberships and subscriptions
 - iii. Legal services
 - iv. Conferences, seminars and training
 - v. Software maintenance, support or the renewal of licensing fees
 - vi. Purchasing from the original manufacturer whereby any other purchase may void the warranty
 - vii. Arts or cultural performances
 - viii. Aboriginal cultural services
 - ix. Procurement as determined by a Director up to \$150,000 Ex GST or the CEO up to \$250,000 Ex GST, subject to the procurement being recorded in a register

7. Evaluation Panel

An evaluation panel shall be established prior to a Request for Tender or Request for Quote process and include a mix of skills and experience relevant to the nature of the procurement. For contracts with an anticipated purchasing value of -

- a. \$10,000 - \$150,000 - the panel must contain a minimum of two (2) members; or
 - b. >\$150,000 - the panel must contain a minimum of three (3) members.
8. Panels of Pre-Qualified Suppliers

In accordance with regulation 24AC of the Regulations, a local government may select to establish a panel of pre-qualified suppliers (Panel) when -

- i. it has a written policy that makes provision in respect of the matters set out in sub-regulation 24AC (2) of the Regulations (this Policy); and
 - ii. the local government is satisfied that there is, or will be, a continuing need for the particular goods or services to be supplied by pre-qualified suppliers.
- a. Objective
- The Shire will consider establishing a Panel for purchasing activity when most of the following factors apply -
- i. it determines that a range of similar goods and services are required to be purchased on a continuing and regular basis;
 - ii. there are numerous potential suppliers in the local and regional procurement-related market sector(s) that offer 'value for money';
 - iii. the purchasing activity under the intended Panel is considered to be of a low to medium risk;
 - iv. the Panel will streamline and improve procurement processes; and
 - v. it has the capability to establish, manage the risks and achieve the benefits expected of the proposed Panel.
- b. Panel Establishment
- i. Should the Shire determine it is advantageous to establish a Panel, it must do so in accordance with Part 4, Division 3 of the Regulations and its internal procurement procedures.
 - ii. A Panel may be established for one supply requirement, or a number of similar supply requirements under defined categories within the Panel.
 - iii. Where a Panel is to be established, the Shire will endeavour to appoint at least three (3) suppliers to the Panel, or to each category within the Panel, on the basis of best 'value for money'.
- c. Panel Purpose

The Shire will generally establish a Panel to deliver its agreed level of service to the community, as the Shire often requires additional labour and/or plant to support the efficient operation of its permanent workforce. The establishment of a Panel allows the Shire to sub-contract its additional operational requirements on an as-needed basis, at an hourly rated fixed for the term of the Panel.

- d. Purchasing from a Panel

Purchasing from a Panel

Direct Purchase

The Shire may award any quantity of work to any Supplier on the basis of the principals set out in Distributing Work Amongst a Panel. All purchases will be undertaken via a purchase order or the provision of Recipient Created Tax Invoice (RCTI) as per the accepted schedule of rates by the Shire as part of their appointment to the Panel.

Quotation Process

Selected Suppliers will be invited to quote for each item of work available under the Panel and afforded a minimum response period of seven (7) calendar days. In every instance, all responses received will be assessed against pre-determined evaluation criteria to determine the best value for money response.

e. Distributing Work Amongst a Panel

In considering the distribution of work amongst a Panel, the Shire will take into account the Supplier's -

- i. Accepted Schedule;
- ii. Performance during the term of the Panel;
- iii. Equipment, plant, or capability relative to the particular item of work;

Practice

Corporate records provide fundamental evidence of the decisions and actions undertaken by the Shire whilst also serving as a tool for planning for the future. It is for these reasons that legislation exists to ensure that records are properly maintained and preserved for future generations. The most significant legislation impacting the management of Shire corporate records is the *State Records Act 2000*. Other legislation governing records management includes the:

1. *Electronic Transactions Act 2011*;

Records are recognised as an important information resource for the Shire of Esperance, and it is accepted that sound record management practices will contribute to the overall efficiency and effectiveness of the Shire.

The Shire's corporate records are to be managed in accordance with the Shire's Record Keeping Plan. All elected members, officers and contractors are responsible for maintaining complete, accurate and reliable records as evidence of the actions, decisions and transactions they make or undertake whilst performing their duties on behalf of the Shire.

All records created or received during the course of business (including those from outsourced bodies or contractors), belong to the Shire of Esperance and not to the individuals who created them.

Capture and Control of Records

All elected members, staff and contractors will capture or create full and accurate records, in required formats, of the business decisions, actions and transactions they make or undertake on behalf of the Shire. This includes written and verbal communications such as work diaries, presentations, speeches, emails, community submissions, complaints and requests relating to Shire matters. Hardcopy records should be forwarded on a monthly basis to the Shire via the CEO's Executive Assistant in packets provided, and electronic records forwarded as received or created to shire@esperance.wa.gov.au.

Appraisal and Retention of Records

Where permitted, all records held by the Shire of Esperance will be retained and disposed of in accordance with the General Disposal Authority for Local Government Records, produced by the State Records Office of WA, following authorisation from the Chief Executive Officer.

Records are assessed and categorised according to their functional classification as they are captured into the Shire's records management system.

POL 0022: Centenarian Waiver of Rates

Purpose

To provide criteria for when to waiver rates and service charges for a ratepayer who is 100 years of age or older.

Scope

This policy was created as Council considered it a respectful gesture to provide a waiver of rates for any ratepayer who reaches the hundred year milestone. This policy provides a guide to the rates officers and finance manager.

Definitions

Centenarian: a person who is hundred or more years old

Ratebook: a listing of all Shire of Esperance rate assessments

Rate Zone: this is the classification of rate assessments

Practice

Waiver of rates to be provided to a ratepayer if they are a centenarian and meet the following criteria -

1. Proof of centenarian status
2. The centenarian's name is on the title of the property
3. Determine what percentage of the property is the centenarian's ownership
4. The centenarian resides at the property
5. Rate Zone for property must be GRV Residential

Criteria

Proof of Centenarian status – this can be in the form of one of the following; birth certificate, passport, letter of congratulations from the Queen or something similar.

Centenarian's name on the title of the property – the Ratebook will have the name of all property owners on the property title as per Landgate.

Centenarian's ownership percentage – percentage of ownership of property is as per the Ratebook.

Centenarian resides at the property – centenarian to sign a declaration stating they reside at the property. Centenarian is only eligible for waiver of rates whilst they are residing at the property.

Rate Zone for property – the rate zone for the property must be GRV Residential.

Waiver applies to all rates and service charges on rate notice.

Effective Date

Effective date for waiver is the next annual rates due date post the centenarian's birthday.

No pro-rata waiving of rates is to occur.

If centenarian no longer lives at the property or dies after the annual rates due date and before the end of the next financial year there will be no requirement to refund the waiver of rates to the Shire.

Each subsequent year after the first year's waiver, the centenarian must inform the Shire, in writing, they are still residing at the property and of any changes to the other criteria to continue to receive a waiver of rates. This needs to be done prior to the annual rates due date.

Pension and Senior Card Holders

Current Pension and Senior Card holders are eligible for a rebate on property rates if the property is their residence at the 1 July of each year.

When calculating the waiver of rates the Shire will continue to claim the rebate from the Office of State Revenue and waiver the remaining balance of rates.

Multiple Owners

In instances of multiple owners the centenarian will only receive a waiver for their portion of rates in accordance to the *Rates and Charges (Rebates and Deferments) Act 1992*.

Customer satisfaction is one of the Shire's values however, at times, a customer's demands or expectations may exceed the Shire's ability to deliver. This policy explains how the Shire will deal with customers who -

1. Cannot be satisfied;
2. Make unreasonable demands;
3. Constantly raise the same issue with different staff; and/or
4. Are rude, abusive, inappropriate or aggressive/intimidating.

The intent is to ensure Shire services are available to all and that resources are being used efficiently and effectively when interacting with ratepayers, residents and community members.

Scope

This policy is a guideline for all Shire employees.

Definitions

N/A

Practice

Service Commitment

Councillors and staff will -

1. Treat each person as a valued customer;
2. Provide a safe, accessible and inclusive environment for all members of the community;
3. Provide customers with as much relevant information as possible, ensuring it is accurate and timely;
4. Acknowledge and apologise for mistakes that have been made or excessive time that has been taken in responding to a customer enquiry;
5. Always express appropriate concern and empathy for a customer's problem or situation;
6. Understand and empathise with the customer's position and try to see the situation from their perspective;
7. Explain the rationale of any Council Policy, Protocol or Procedure that guides the actions the Shire must adhere to; and,
8. Where possible, identify and offer alternative options/solutions.

Policy Threshold Considerations

Prior to enacting this Policy, Councillors and staff must ensure they have complied with the provisions of the Council Policies listed below -

1. *Code of Conduct*;
2. *Customer Service Charter* – Organisation minimum expectations in relation to customer service;
3. *Complaints Handling Policy* outlining the actions to be followed when a complaint is received; and,
4. *Records Management Policy* – all interactions being recorded.

Other items that must be considered prior to provisions of this Policy being implemented are as follows -

1. Has the complaints policy been correctly implemented and no material element of the complaint overlooked or inadequately addressed?
2. Has the behaviour of the person become so habitual, obsessive or intimidating that it constitutes an unreasonable demand on Shire resources?
3. Have staff and/or members of the public been made to feel threatened or uncomfortable by behaviours exhibited requiring an immediate response?

Where a Shire staff member feels threatened or intimidated, the staff member must remove themselves from the situation in the safest way possible and immediately report their experience to their Supervisor.

It is not appropriate to limit access to services purely due to a complaint being made about Council, Shire staff or Shire services. An investigation is required to determine the veracity of the complaint and any subsequent actions.

Internal Review or appeal procedures must be exhausted before service or access restrictions are placed on the person/s (for an ongoing occurrence). The potential cessation or restriction of a service must be recorded and a full report provided to the CEO for approval.

Difficult People Categories

1. A person who cannot be satisfied

Despite the best efforts of Council and/or Shire staff, some members of the public may not be satisfied with the action taken or the service provided by the Shire in the resolution of a complaint or service request.

If, in the opinion of the Chief Executive Officer, a member of the public cannot be satisfied where all appropriate avenues of internal review or appeal have been exhausted and the person continues to write, telephone and/or visit the Shire, the following actions may be taken.

The Chief Executive Officer will notify the person in writing advising that if the person continues to contact the Shire regarding the matter, the Shire may -

- a. Not accept any further calls from the person;
- b. Not grant any further interviews;
- c. Require all further communication to be put in writing; and
- d. Continue to receive, read and file correspondence but only acknowledge or otherwise respond to it, if -

- i. The person provides significant new information relating to their complaint or concern; or
 - ii. The person raises new issues which, in the Chief Executive Officer's opinion, warrant fresh action.
2. A person who makes unreasonable demands

Demands or levels of contact are deemed to be unreasonable when the matter begins to impact excessively on the work of Staff and Councillors or the time dealing with the issue impacts on service levels available to other customers. This can be due to -

- a. The quantity of information the customer is requesting;
- b. The nature and scale of service the customer is seeking; or
- c. The number of approaches the customer makes.

If a customer is seen to be making unreasonable demands, the following actions may be taken.

The Chief Executive Officer will notify the person in writing advising them of the Shire's concerns, and ask that they limit and focus their requests. If the customer continues to place unreasonable demands on the organisation, the Shire may -

- a. Not respond to any future correspondence and only take action where, in the opinion of the Chief Executive Officer, the correspondence raises specific, substantial and serious issues; or
 - b. Only respond to a certain number of requests in a given period.
3. A person who constantly raises the same issue with different staff

A person who is dissatisfied with the action taken or service provided and continues to raise the same issue with different staff.

If, in the opinion of the Chief Executive Officer, a person is continually raising the same issue with different staff, the following actions may be taken.

The Chief Executive Officer will notify the person in writing that -

- a. Only a nominated person will discuss their concerns in the future;
 - b. An appointment must be made with the nominated person if they wish to discuss their matter; and
 - c. All future contact with the Shire must be in writing.
4. A person who is rude, inappropriate, intimidating, angry, threatening or harassing

For a range of reasons, a person may display inappropriate, rude, angry, harassing or intimidating behaviour whilst using Shire facilities, attending a Shire activity, or during other interactions with Councillors, Shire staff, customers and/ or clients.

Shire staff can take the following actions when subjected to a person who displays the above behaviour during the course of their duties -

- a. Ask the person to stop their current behaviour and warn the person that if the behaviour continues the conversation, interview or access to the facility/activity will be terminated;

- b. Cease the conversation or interview if the rude, angry or harassing behaviour continues after a warning has been given;
- c. Where this behaviour continues to occur at a Shire facility/activity, the person will be asked to leave; and
- d. Call the Police, should the situation require.

Where a conversation or interaction is terminated, or a person is asked to leave a facility, in accordance with this Policy, the staff member must notify the relevant Director/Manager as soon as practicable with a report on the matter. It is the responsibility of the relevant Director/Manager to notify the Chief Executive Officer of any reported incident.

Where a person or persons have been asked to leave a Shire facility or activity, the Chief Executive Officer may notify the person in writing, advising them of Council's concerns and that they could be banned from Shire facilities and future functions if the behaviour continues to occur.

If, in the opinion of the Chief Executive Officer, correspondence received by the Shire contains personal abuse, inflammatory comments or material clearly intended to intimidate, this correspondence will be returned to the sender and not otherwise acted upon.

General Management of Policy

If the Chief Executive Officer determines that service or access restrictions are necessary in line with this policy, the customer must be notified accordingly and given an opportunity to make representations about the proposed course of action to the Chief Executive Officer and, if applicable, the Director of the appropriate Directorate.

The Chief Executive Officer must advise the Council as soon as practicable of the relevant circumstances and action taken if a decision is made to withdraw service or limit/refuse access in accordance with this policy.

In circumstances related to 'difficult people' which have not reached a point of service being withdrawn, which may present a risk of reputational damage or other detriment being suffered by the Shire, the Chief Executive Officer will inform Council.

The duration of any service or access restrictions will be at the discretion of the Chief Executive Officer.

POL 0025: Financial Hardship

Purpose

To give effect to our commitment to support the whole community to meet the unprecedented challenges arising from financial hardship.

This Policy is intended to ensure that we offer fair, equitable, consistent and dignified support to ratepayers suffering hardship, while treating all members of the community with respect and understanding financial difficulties.

Scope

This policy applies to -

1. Outstanding rates and service charges as at the date of adoption of this policy; and
2. Rates and service charges levied for the financial year.

It is a reasonable community expectation, as we deal with the effects of financial hardship that those with the capacity to pay rates will continue to do so. For this reason, the Policy is not intended to provide rate relief to ratepayers who are not able to evidence financial hardship and the statutory provisions of the *Local Government Act 1995* and *Local Government (Financial Management) Regulations 1996* will apply.

Definitions

N/A

Practice

1. Payment difficulties, hardship and vulnerability

Payment difficulties, or short term financial hardship, occur where a change in a person's circumstances result in an inability to pay a rates or service charge debt.

Financial hardship occurs where a person is unable to pay rates and service charges without affecting their ability to meet their basic living needs, or the basic living needs of their dependants. This policy is intended to apply to all ratepayers experiencing financial hardship regardless of their status, be they a property owner, tenant, business owner etc.

2. Financial Hardship Criteria

While evidence of hardship will be required, we recognise that not all circumstances are alike. We will take a flexible approach to a range of individual circumstances including, but not limited to, the following situations -

- a. Recent unemployment or under-employment
- b. Sickness or recovery from sickness
- c. Low income or loss of income

- d. Unanticipated circumstances such as caring for and supporting extended family

Ratepayers are encouraged to provide any information about their individual circumstances that may be relevant for assessment. This may include demonstrating a capacity to make some payment and where possible, entering into a payment arrangement. We will consider all circumstances, applying the principles of fairness, integrity and confidentiality whilst complying our statutory responsibilities.

3. Payment Arrangements

Payment arrangements facilitated in accordance with Section 6.49 of the Act are of an agreed frequency and amount. These arrangements will consider the following -

- a. That a ratepayer has made genuine effort to meet rate and service charge obligations in the past;
- b. The payment arrangement will establish a known end date that is realistic and achievable;
- c. The ratepayer will be responsible for informing the Shire of Esperance of any change in circumstance that jeopardises the agreed payment schedule.

In the case of severe financial hardship, we reserve the right to consider waiving additional charges or interest (excluding the late payment interest applicable to the Emergency Services Levy).

4. Interest Charges

A ratepayer that meets the Financial Hardship Criteria and enters into a payment arrangement may request a suspension or waiver of interest charges. Applications will be assessed on a case by case basis.

5. Deferment of Rates

Deferment of rates may apply for ratepayers who have a Pensioner Card, State Concession Card or Seniors Card and Commonwealth Seniors Health Care Card registered on their property. The deferred rates balance -

- a. Remains as a debt on the property until paid;
- b. Becomes payable in full upon the passing of the pensioner or if the property is sold or if the pensioner ceases to reside in the property;
- c. May be paid at any time, BUT the concession will not apply when the rates debt is subsequently paid (deferral forfeits the right to any concession entitlement); and
- d. Does not incur penalty interest charges.

6. Debt recovery

We will suspend our debt recovery processes whilst negotiating a suitable payment arrangement with a debtor. Where a debtor is unable to make payments in accordance with the agreed payment plan and the debtor advises us and makes an alternative plan before defaulting on the third due payment, then we will continue to suspend debt recovery processes.

Where a ratepayer has not reasonably adhered to the agreed payment plan, then for any Rates and Service Charge debts that remain outstanding, we will offer the ratepayer one further opportunity of adhering to a payment plan that will clear the total debt by the end of the financial year.

Rates and service charge debts that remain outstanding at the end of the financial year, will then be subject to the rates debt recovery procedures prescribed in the *Local Government Act 1995*.

Review

We will establish a mechanism for review of decisions made under this policy, and advise the applicant of their right to seek review and the procedure to be followed.

Communication and Confidentiality

We will maintain confidential communications at all times and we undertake to communicate with a nominated support person or other third party at your request.

We will advise ratepayers of this policy and its application, when communicating in any format (i.e. verbal or written) with a ratepayer that has an outstanding rates or service charge debt.

We recognise that applicants for hardship consideration are experiencing additional stressors and may have complex needs. We will provide additional time to respond to communication and will communicate in alternative formats where appropriate. We will ensure all communication with applicants is clear and respectful.

POL 0026: Regional Price Preference

Purpose

To encourage the use of local businesses in goods and services purchased or contracted on behalf of the Shire of Esperance.

Scope

This policy will apply to quotations of \$75,000 value or greater unless Council resolves otherwise.

Definitions

Prescribed Area: means within the boundaries of the Shire of Esperance.

Regional Price Preference: involves assessing a tender as if the proposed tender price were discounted in accordance with this policy.

Regional Tenderer: means a supplier of goods or services who meets criteria 1 of the Applicable Criteria listed within this policy.

Practice

Levels of Price Preferences to be applied

A price preference may be given to a Regional Tenderer by assessing their tender as if the price bids were reduced by -

1. Goods and Services

Up to 10% where the contract is for goods or services, up to a maximum price reduction of \$50,000;

2. Construction

Up to 5% where the contract is for construction (building) services, up to a maximum price reduction of \$50,000; or

3. Outsourcing

Up to 10% where the contract is for goods or services (including construction (building) services), up to a maximum price reduction of \$500,000, if the Shire is seeking tenders for the provision of those goods or services for the first time, due to those goods or services having been until then undertaken by the Shire.

Applicable Criteria

In order to be eligible for consideration under this policy, a supplier must meet the following criteria -

1. The supplier must have been operating a business continuously out of premises located within the Prescribed Area for at least 6 months before the time after which further offers cannot be submitted; or

2. Some or all of the goods or services are to be supplied from regional sources

Although goods or services that form part of a tender submitted by a supplier may be wholly or partly supplied from regional sources, only those goods or services identified as being obtained from regional sources may be included in the discounted calculations that form a part of the assessments of a tender when this policy is in operation.

Conditions

Suppliers who claim the regional price preference should indicate their intention to claim in their tender and identify on which criteria they wish to claim.

Price is only one factor the Shire considers when evaluating a tender. There is nothing contained within this policy that compels acceptance of the lowest price.

The tender that is determined to offer the best value for money to the Shire will be the most likely to be accepted.

If, in the opinion of the Shire, a supplier has deliberately provided false or misleading information in order to benefit from this policy, their tender may be disqualified.

Roles and Responsibilities

Shire Employees will use a competitive market for their local requirements and encourage the development of suppliers and local industry. Local suppliers with the capacity to compete should be provided with the opportunity to bid for work with the Shire.

Employees are to ensure the application of a Regional Price Preference is clearly identified within tender documents to which the preference is to be applied and that this policy be available to businesses as part of the tender process.

Examples of Application

1. The following three tenders, to supply goods or services, are received by a local government that has chosen a 10% rate of price preference.
 - a. Tender 1 is from a regional tenderer (as defined by the Council in its policy).
 - b. Tender 2 is from a metropolitan based firm and uses goods and services sourced from the metropolitan area.
 - c. Tender 3 is from a metropolitan based firm but uses \$60,000 worth of goods and services sourced from the region defined in the local government's regional price preference policy.

Tender Received	Tendered Price	Price Reduction	Adjusted price for evaluation
Tender 1	\$150,000	\$15,000 (10% of \$150,000)	\$135,000 (\$150,000 less \$15,000)
Tender 2	\$145,000	No preference available	\$145,000

Tender 3	\$148,000	\$6,000 (10% of \$60,000)	\$142,000 (\$148,000 less \$6,000)
----------	-----------	---------------------------	------------------------------------

As shown in the table above, Tender 1 (Regional Tenderer) is the most cost effective once the price preference has been applied.

2. This example determines how the maximum price reduction is applied in accordance with this policy.

The following two tenders, to supply construction (building) services, are received by a local government that has chosen a 5% rate of price preference.

- a. Tender 1 is from a regional tenderer
- b. Tender 2 is from a metropolitan based firm that sources materials from the metropolitan area

Tender Received	Tendered Price	Price Reduction	Adjusted price for evaluation
Tender 1	\$1,500,000	5% of \$1,500,000 = \$75,000. Maximum price reduction limited to \$50,000.	\$1,450,000 (\$1,500,000 less \$50,000)
Tender 2	\$1,445,000	No preference available	\$1,445,000

As shown in the table above, Tender 2 is the most cost effective once the price preference has been applied.

Note: price is only one criteria used to determine a successful tenderer, however the adjusted price, following the application of any preference, shall be used when evaluating tender criteria.

POL 0028: Budget Control

Purpose

1. To ensure that shire officers work within set annual budget parameters
2. To outline parameters for efficient and effective budget management in relation to interim overdraft conditions which prevail in the early and closing parts of each financial year
3. To outline when a budget amendment is required to be presented to Council

Scope

This policy is for shire officers who have budget responsibility to provide them with direction and guidance regarding budget matters.

Definitions

Responsible officer: a shire employee who has a general ledger or work order assigned to them

Account: a general ledger or work order

Cost centre: a shire department

Practice

Budget Control

All officers are to be instructed that where any account, for which they are responsible to keep expenditure within budget limits, becomes overspent or will evidently become overspent, the officer concerned must halt spending until a report is made to the departmental manager for appropriate action.

Owing to interim overdraft conditions which may prevail in the early and closing parts of the financial year, officers will give regard to cash flow imperatives in the timing of procurement of high cost plant items, and fixed assets.

Budget Review

1. A budget review is to be conducted for the first six months of the financial year, as per the Local Government (Financial Management) Regulation 1996 – 33(a) Review of Budget. To be presented to Council by end of March of each year for their adoption.
2. Responsible officers will review their accounts and recommend adjustments (budget increases/decreases or additions/deletions) as necessary.
3. The Chief Executive Officer and Directors may approve expenditure in excess of that estimated for any expenditure item listed in the adopted budget provided that -
 - a. the expenditure does not exceed the adopted budget by more than \$100,000 or 10% of expenditure, whichever is the lesser amount;

- b. there is an off-setting saving in budget over actual expenditure within the same budget cost centre is also identified; or
- c. such approvals are ratified by Council via the budget review process.

Budget Amendments

For any variations to budget that exceed the adopted budget by more than \$100,000 or 10% of expenditure whichever is the lesser amount will be required to be presented to Council as a budget amendment. This will need to be done via an agenda report to Council.

Standard and Poor's Short Term Issue Credit Ratings

A-1: A short-term obligation rated "A-1" is rated in the highest category by S&P Global Ratings. The obligor's capacity to meet its financial commitment on the obligation is strong. Within this category, certain obligations are designated with a plus sign (+). This indicates that the obligor's capacity to meet its financial commitment on these obligations is extremely strong.

A-2: A short-term obligation rated "A-2" is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher rating categories. However, the obligor's capacity to meet its financial commitment on the obligation is satisfactory.

A-3: A short-term obligation rated "A-3" exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitment on the obligation.

B: A short-term obligation rated "B" is regarded as vulnerable and has significant speculative characteristics. The obligor currently has the capacity to meet its financial commitments, however it faces major ongoing uncertainties which could lead to the obligor's inadequate capacity to meet its financial commitments.

C: A short-term obligation rated "C" is currently vulnerable to non-payment and is dependent upon favourable business, financial and economic conditions for the obligor to meet its financial commitment on the obligation.

D: A short-term obligation rated "D" is in default or in breach of an imputed promise. For non-hybrid capital instruments, the "D" rating category is used when payments on an obligation are not made of the date due, unless S&P Global Ratings believes that such payments will be made within any stated grace period. However, any stated grace period longer than five business days will be treated as five business days. The "D" rating also will be used upon the filing of a bankruptcy petition or the taking of a similar action and where default on an obligation is a virtual certainty, for example due to automatic stay provisions. An obligation's rating is lowered to "D" if subject to a distressed exchange offer.

POL 0032: Public Land Asset Strategy

Purpose

This Policy provides a framework to guide Council in the effective management of its land and property assets with the view to increasing the future economic capacity of the Shire of Esperance and assisting the delivery of Objectives outlined in the *Council Plan*.

Specifically, the Shire's land and property assets will be used to achieve the following -

1. The delivery of strategic projects as identified in the *Council Plan*;
2. The facilitation of environmental, economic and social benefits to the Community;
3. The stimulation and regeneration of areas within the Shire of Esperance;
4. Where appropriate enable the adoption of a commercial approach to the management of land and property assets capable of producing a recurrent income; and
5. Development of non-operational land and property assets that will facilitate additional income streams for the Council.

Scope

This policy relates to all property owned or under the control of the Shire of Esperance.

Definitions

Surplus Properties: Surplus properties are considered to be of no benefit to either the community through the delivery of services or to the Shire as part of a more strategic land holding, part of a land bank of property assets or for any other purpose. i.e. surplus to requirements.

Civic Properties: Civic properties are used for the delivery of services provided by the Shire to the Community. These properties differentiate from Public Open Space and Other Reserves in that they may be held in freehold title by the Council.

Commercial Properties: Commercial properties are held by the Shire purely for the commercial return provided through the lease of the property to other entities. Such properties are not anticipated to provide services to the community but will yield an appropriate rate of return (on the capital value of the property) as a commercial proposition subject to appropriate levels of risk as determined by the Council.

Investment Properties: Investment properties differ from Commercial Properties in that they have the potential to contribute towards the achievement of broader planning, social or strategic objectives of the Shire. Whilst such properties may include a commercial undertaking, subject to a commercial agreement between a third party and the Council, the purpose of the Shire's ownership of the property is as a contributory factor towards other outcomes rather than purely for commercial returns on the property investment. i.e. Urban Renewal Projects.

Residential Properties: Residential properties are designed to provide residential facilities only. Such properties may be provided directly by the Shire to the end user, or as part of an agreement with another agency or residential service provider.

Utility Properties: Utility properties are used to deliver utility services such as drainage or other key utility functions. The delivery of utility services should be subject to review to ensure that the location from which the service is being delivered is suitable, the need for the utility service can be validated and the tenure of the property does not result in the Shire having a significant value of freehold assets set aside for such uses with little opportunity to realise the value of these assets at any time in the future.

Public Open Space and Other Reserves: Public Open Space and others reserved properties are most often held as reserves vested in the care, control and management of the Shire. Such properties may provide an active service but may also include properties that have little activation but provide other tangible community benefits through environmental protection or community recreational amenity.

Practice

Principles

The Council will manage its property assets with the view to -

1. Increasing the Shire's social, economic and environmental sustainability;
2. Increasing the Shire's financial capacity;
3. Providing essential services and facilities; and
4. Developing an investment portfolio capable of providing income generation.

Use of proceeds

1. The proceeds from the effective management of Council land and property assets are to be used in the delivery of essential services, facilities and projects which provide for a community benefit.
2. The allocation of such proceeds will have due regard to the Council's *Council Plan, Long Term Financial Plan* and relevant council Policies.
3. The Council will consider the use of funds in the development of its land and property assets where an appropriate community, social, environmental or economic benefits can be demonstrated.
4. The proceeds derived from the application of this Policy will be allocated in accordance with the prevailing Financial Management Policies of the Council and in accordance with any Reserve Fund established for that purpose.

Policy

In applying this Policy, the Council will -

1. Ensure all statutory and applicable governance requirements required by the *Local Government Act 1995*, associated Regulations and any other applicable legislation are adhered to.
2. Ensure that this Policy complies with all other relevant Council Policies and practices.

3. Ensure that suitable community engagement is undertaken as a fundamental component of any proposal to dispose of land and property assets in accordance with the *Local Government Act 1995*.

Acquisition and Disposal of Land and Property Assets

The Council will only consider the acquisition and disposal of land after the following steps have been taken -

1. A thorough analysis of applicable financial, social and/or environmental benefits, undertaken in accordance with the established Procedure or any other endorsed template or methodology.
2. Consideration has been given to the disposal of land and property by means of auction, tender or private treaty dependent upon the specific circumstances of the proposed disposal and in accordance with the provisions of the *Local Government Act 1995*.
3. The acquisition or disposal follows a strategic approach to all land and property assets owned or controlled by the Shire of Esperance in preference to considering properties only on a case by case basis.
4. Appropriate risk management strategies have been applied in accordance with any adopted Risk Management Policy.

Performance Management

The Council will give consideration to the establishment of a Business Plan and specific performance management indicators to guide its property asset development.

Such performance management indicators will provide the means by which the performance of land and property assets can be monitored and reported to the community and will enable the Council to consider acquisitions and disposals of land and property assets cognisant of these indicators and the benefit or dis-benefit such acquisitions and disposals may generate.

POL 0037: Legal Representation Cost Indemnification

Purpose

To define a process for meeting reasonable expenses incurred for legal representation that arises from being a member of council or staff in the course of their official functions.

Scope

This policy applies to all elected members or staff, including past members and former employees.

Definitions

N/A

Practice

This policy is designed to protect the interests of Council members and employees (including past members and former employees) where they become involved in civil legal proceedings because of their official functions. In most situations the local government may assist the individual in meeting reasonable expenses and any liabilities incurred in relation to those proceedings.

In each case it will be necessary to determine whether assistance with legal costs and other liabilities is justified for the good government of the district. This policy applies in that respect.

General Principles

The local government may provide financial assistance to members and employees in connection with the performance of their duties provided that the member or employee has acted reasonably and has not acted illegally, dishonestly, against the interests of the Local Government or otherwise in bad faith.

The local government may provide such assistance in the following types of legal proceedings -

1. proceedings brought by members and employees to enable them to carry out their local government functions (e.g. where a member or employee seeks a restraining order against a person using threatening behaviour);
2. proceedings brought against members or employees [this could be in relation to a decision of Council or an employee which aggrieves another person (e.g. refusing a development application) or where the conduct of a member or employee in carrying out his or her functions is considered detrimental to the person (e.g. defending defamation actions)]; and
3. statutory or other inquiries where representation of members or employees is justified.

Once a court hearing or enquiry has been completed and an adverse finding has been determined in respect to an elected member or officer no further payment or refund of legal representation costs would be considered by Council.

The Local Government will not support any defamation actions seeking the payment of damages for individual members or employees in regard to comments or criticisms levelled at their conduct in their respective roles. Members or employees are not precluded however, from taking their own private action. Further, the Local Government may seek its own advice on any aspect relating to such comments and criticisms considered to be of relevance against the Local Government.

The legal services the subject of assistance under this policy will usually be provided by the Local Government's solicitors. Where this is not appropriate for practical reasons or because of a conflict of interest then the service may be provided by other solicitors approved by the local government.

All applications for Financial Assistance and Repayment of Assistance will be made in accordance with the procedure outlined below.

Associated Procedure

Applications for Financial Assistance

1. Subject to item (5), decisions as to financial assistance under this policy are to be made by the Council.
2. An elected member or employee requesting financial support for legal services under this policy is to make an application in writing, where possible in advance, to the Council providing full details of the circumstances of the matter and the legal services required.
3. An application to the Council is to be accompanied by an assessment of the request and with a recommendation, which has been prepared by, or on behalf of, the Chief Executive Officer (CEO).
4. An elected member or employee requesting financial support for legal services, or any other person who might have a financial interest in the matter, should take care to ensure compliance with the financial interest provisions of the *Local Government Act 1995*.
5. Where there is a need for the provision of urgent legal services before an application can be considered by Council, the CEO may give an authorisation up to the value of \$5,000.
6. Where it is the CEO who is seeking urgent financial support for legal services the Council shall deal with the application.

Repayment of Assistance

Any amount recovered by a member or employee in proceedings, whether for costs or damages, will be off set against any monies paid or payable by the Local Government.

Assistance will be withdrawn where the Council determines, upon legal advice, that a person has acted unreasonable, illegally, dishonestly, against the interest of the local government or otherwise in bad faith; or where information from the person is shown to have been false or misleading.

Where assistance is so withdrawn, the person who obtained financial support is to repay any monies already provided. The Local Government may take action to recover any such monies in a court of competent jurisdiction.

POL 0042: Community Engagement

Purpose

The Shire of Esperance recognises that community engagement and participation processes are a vital part of local democracy. It helps strengthen the relationship Council and the Shire have with the community and is critical to good governance. For this reason, both Council and Shire Staff are committed to engaging with Esperance communities.

The Shire of Esperance Council Plan 2022-2032 highlights this commitment with Outcome 16. A well informed and engaged community:

Provide authentic, relevant and effective engagement with community members.

Scope

The development and review of all Council strategies, business plans, policies and procedures

Definitions

Corporate Documents: Strategies, policies, procedures, business plans, and associated documents, including guidelines and forms.

Statutory Documents: Corporate documents whose format and layout is guided by legislative requirements i.e. budgets, town planning schemes, annual reports.

Strategy: A plan made in advance of actions that identifies, serves and compliments the Shire's major goals and objectives.

Policy: A governing principle, set of principles or rules that guides the Shire's practices and constrains procedures or delegated functions.

Procedure: A prescription of specific action oriented processes, necessary to achieve strategic or policy objectives.

Council Plan: a governing document which delivers instructions from the community to the Esperance Council and Shire staff.

Guide: An operational guide that provides tools to guide staff through a process to undertake a specific function.

The Community: Those who live, work or recreate in the Shire of Esperance.

Community Engagement - Community Engagement is any process that involves the public in problem solving or decision-making and uses public input to make decisions (source IAP2).

It may refer to a range of interactions of differing levels of engagement between the Shire and the community including -

1. Information sharing processes, to keep community informed and promotes understanding.
2. Consultation processes, to obtain feedback.
3. Involving community members consistently throughout the process to ensure community concerns and aspirations are understood and considered.
4. Collaborating with community members in each aspect of the decision making.

Practice

This policy applies to all aspects of Council and Shire operations to ensure The Community is informed about issues, strategies or plans that may directly or indirectly affect them.

Note: Development approvals and other planning related matters are the only exception to this rule as their engagement requirements are addressed by the *Planning and Development Act 2005*, *Land Administration Act 1997*, *Town Planning Regulations 1967* and *Local Planning Scheme No. 24*.

Community engagement does not necessarily mean achieving consensus. It involves seeking broad informed agreement and the best possible solutions for Council, the Shire of Esperance and the community. Council will be presented each quarter with a review of all community engagement that has taken place for ongoing and project specific activities, this is provided through the monthly Pulse report.

The *Communications & Engagement Strategy 2021-2024* is the guiding document for the Shire of Esperance's engagement activities. In the Strategy it states:

The purpose of community engagement is to ensure that the Shire -

1. *improves decision making*
2. *maintains healthy relationships with the community*
3. *increases community participation in the activities and decision making processes of Council*
4. *enables the community to work together on issues that matter to them*
5. *builds on the community's understanding of the Shire's role and responsibilities as well as our financial and legislative requirements, and*
6. *provides engagement opportunities that are inclusive and accessible.*

Council's commitment to community engagement is supported by the *Local Government Act 1995* which outlines the essential roles of a Councillor:

2.10. A councillor —

- a. represents the interests of electors, ratepayers and residents of the district; and
- b. provides leadership and guidance to the community in the district; and
- c. facilitates communication between the community and the council; and
- d. participates in the local government's decision-making processes at council and committee meetings; and
- e. performs such other functions as are given to a councillor by this Act or any other written law.

This policy defines the principles underpinning engagement activities and the role of Councillors and staff in engaging with the community. By receiving diverse perspectives and potential solutions the quality of decisions improves and subsequently a higher standard of customer service is provided. Shire staff will ensure that the Councillors are fully informed of all community engagement activities regarding significant issues or high impact projects prior to occurring.

The decision to engage with the community may occur as part of, though not limited to -

1. Planning the strategic direction of the Shire of Esperance
2. Projects that require direct input from stakeholders in developing community based solutions
3. Policy development and/or implementation
4. Any changes to land zoning that may have impact on the community
5. Service level planning and delivery
6. When an issue is brought to Council by the community
7. Changes to Local By-laws
8. Impending legislative or statutory changes with local impact
9. Major project development and/or implementation

The Community Engagement Policy provides a broad framework and policy direction for engagement. Shire staff will utilise the Shire of Esperance Community Engagement Guide on when and how community engagement should occur.

The Council and Shire’s approach to community engagement is based on the spectrum of engagement activities as advocated by the International Association for Public Participations (IAP2).

Principles

The Shire of Esperance’s Community Engagement Policy is based on a set of core values adapted from the IAP2. These principles are used to guide the development, implementation and evaluation of Council and the Shire’s engagement process. Council Members are elected to govern thereby all final decisions and accountability rests with Council. Shire Officers make recommendations to Council based on known facts and research. Community engagement does not remove these roles but it increases opportunities for the community to provide advice and influence planning. This process enables decisions to be made that are part of a continuous process recognising the needs and interests of the whole community.

The following principles embody Council’s and Shire officers’ commitment to community engagement -

1. Be representative of the broader community and ensure their views are adequately reflected when making decisions.
2. Seek out and encourage contributions from community members who may be affected by or interested in a decision.
3. Actively listen so that the community’s ideas and input can assist in making decisions.
4. Inform the community about decisions, and how their input was considered.
5. Prior to any decision Council and Shire staff will ensure that they are well informed regarding the benefits of alternative decisions, reflecting all sides of the argument and including any community input on matters before them.
6. Collaborate with key stakeholders and other levels of Government to achieve common goals for the Shire.
7. Provide relevant, timely and balanced information so the community/stakeholders can contribute in a meaningful way.
8. Provide a variety of appropriate, inclusive and accessible ways for people to have their say and to speak honestly.

9. Endeavour to ensure that engagement processes are appropriate, accessible, well planned and adequately resourced.
10. Clearly identify the level of community influence and limitations if appropriate.
11. The timing of community activities should take into account key dates (school holidays, special events etc.) to ensure that maximum opportunity is given to encourage community input.
12. To ensure both the Council and the Shire are meeting legislative requirements regarding community consultation in all areas of service delivery.

POL 0046: Cultural Protocols

Purpose

To establish protocols for Shire staff with regard to appropriate and consistent recognition and acknowledgement of Kapa Kurl Wudjari People of the Nyungar Nation and Ngadju People as the Traditional Custodians of the land, on which the Shire of Esperance is situated.

Scope

This Policy outlines cultural protocols of “Welcome to Country”, “Acknowledgement of People and Country”, and “Cultural Performances”, and provides guidance as to their appropriate use.

Definitions

Welcome to Country: a formal welcome onto Nyungar and Ngadju land given by an Elder or Traditional Custodian of that land.

Acknowledgement of People and Country: a statement of recognition of the Traditional Custodian of the land. An Acknowledgement can be given by any person.

Cultural Performance: includes but is not limited to, dance, song or musical performance, and/or other means of artistic expression.

Elder: is defined as someone who has gained recognition as a custodian of knowledge and lore, and who has permission to disclose knowledge and beliefs. It is important to understand that age alone doesn't necessarily mean that one is recognised as an Elder.

Practice

The Shire of Esperance recognises the Kapa Kurl Wudjari people of the Nyungar Nation and Ngadju people's custodianship of country, and is committed to observing appropriate protocols for acknowledging this custodianship at formal Shire events, to which members of the public and external stakeholder groups attend.

The Shire of Esperance is committed to greater visibility and promotion of First Nation people's culture and connection to country.

Welcome to Country

A Welcome to Country can only be performed by Elders who are recognised as Traditional Custodians of Nyungar or Ngadju country, as this gives Traditional Custodians the opportunity to formally welcome people to their land.

The Welcome to Country should be the first item on the order of proceedings for the event and may comprise of a single speech with or without an accompanying cultural performance.

Events where it is appropriate for a Welcome to Country to be performed include:

1. Official civic receptions by invitation;
2. Where visiting dignitaries are being hosted by Shire staff or Elected Members. These can include Members of Parliament, state and federal government Ministers, Heads of State and their representatives, and/or visiting persons of high renown or esteem;
3. Openings of significant new public buildings or facilities;
4. NAIDOC and Reconciliation Week events hosted by the Shire or Council;
5. Openings or official launches of large public events;
6. Shire of Esperance civic and significant awards presentations; and
7. Conferences organised or hosted by the Shire, where people from outside the municipality are in attendance.

Where it is identified that a Welcome to Country should be performed, the following should occur -

1. The Shire employee (project leader, manager) should record that a Welcome to Country is required and forward a request to the Executive Assistant to the Chief Executive Officer (Executive Assistant) no less than four weeks prior to the event.
2. The Executive Assistant will inform the Shire President and the CEO of the event details and requirement for a Welcome to Country.
3. The Executive Assistant will organise arrangements for the Welcome to Country inclusive of sourcing an appropriate Elder or Traditional Custodian, liaising with the recognised Traditional Custodian's body corporate for the area where the Welcome to Country will take place.

Acknowledgement of People and Country

An Acknowledgement of People and Country can be performed by anyone, and is a respectful public acknowledgement of the Traditional Custodians of the land. Generally, an acknowledgement will be performed by the host or Master of Ceremonies of the event or gathering, unless a specific person has been requested to perform this.

Events where an Acknowledgment should be considered include -

1. Preceding Council or Committee meetings;
2. Citizenship ceremonies;
3. Large meetings where external stakeholders are present;

4. Official openings or launches of intimate public events, either by invitation or not and;
5. Special events as determined by staff managing the event.

Where it is identified that an Acknowledgement of People and Country should be performed, the following should occur -

1. The Shire employee (project leader, manager) should prepare suitable agendas and/or speech notes and insert the requirement for an Acknowledgement of People and Country.
2. The preferred Acknowledgement of People and Country is as follows:
 “I’d like to begin by acknowledging the Kepa Kurl Wudjari people of the Nyungar nation and Ngadju people, who are the Traditional Custodians of this Land, and their continuing connection to land, waters and community. We pay our respect to their Elders past, present and emerging and we extend that respect to other Aboriginal Australians today.”

Cultural Performance

Cultural Performances include dance, song, artistic expression and music, and are an optional addition to a Welcome to Country or Acknowledgement of People and Country.

Cultural Performances will most commonly accompany a Welcome to Country, however can also be considered to accompany an Acknowledgment of People and Country.

Where it is identified that a Cultural Performance is necessary or possible the following should occur -

1. The Shire employee (project leader, manager) should record that in addition to a Welcome to Country or Acknowledgement of People and Country, an opportunity to include a Cultural Performance with the program is necessary or possible. This should be forwarded to the Executive Assistant no less than four weeks prior to the event.
2. On confirmation from the Executive Assistant that the event has been approved, the Shire employee (project leader, manager) should discuss options for a Cultural Performance.
3. The Executive Assistant will organise arrangements for the Cultural Performance inclusive of sourcing an appropriate program and liaising with the event coordinator regarding run sheets, logistics and the management of honorarium payments.

The determination of whether a Cultural Performance is necessary or possible shall be made by the Chief Executive Officer, Shire President and Project Manager. Contingent factors shall be accounted for including but not limited to -

1. Logistical constraints of the event or function – including physical and time constraints; project budgets; and appropriateness.

3. Procedure

a. Making a complaint

Any person may make a Complaint alleging that a Council Member, Committee Member or Candidate has behaved in a way that constitutes a breach of Division 2 of the Code of Conduct.

A Complaint must be made within one (1) month after the alleged Breach.

A Complaint must be made by completing the Behaviour Complaint Form in full and providing the completed forms to the Behaviour Complaints Officer.

A Complaint must be made in accordance with the Behaviour Complaint Form and specify which requirement(s) of the Code of Conduct is alleged to have been breached.

A Complaint is required to include the name and contact details of the Complainant therefore anonymous complaints cannot be accepted.

Where a Complaint Form omits required details, the Behaviour Complaints Officer will invite the Complainant to provide this information in order for the Complaint to be progressed.

Where a Complaint is made more than 1 month after the alleged breach, the Behaviour Complaints Officer will give the Complainant written notice that the Complaint cannot be made.

b. Candidate Complaints

A Complaint in relation to a Candidate must be made in accordance with 3.1, above, but cannot be dealt with unless the Candidate is subsequently declared elected as a Council Member.

Within 7 days after receiving a Candidate Complaint, the Behaviour Complaints Officer will provide written notice -

- i. To the Complainant confirming receipt, and advising of the procedure for candidate complaints; and
- ii. To the Respondent, including a summary of the complaint, and advising of the procedure for candidate complaints.

No action will be taken until the results of the election are declared by the Returning Officer. If the respondent is elected, then the complaint will be dealt with in accordance with this Policy. Timeframes that would otherwise commence on the receipt of a Complaint will be taken to commence on the election date.

If the Respondent is not elected, the Behaviour Complaints Officer will provide the Complainant with notice that the Respondent has not been elected and that the Complaint cannot be dealt with.

c. Withdrawing a Complaint

A Complainant may withdraw their Complaint at any time before a Finding has been made in relation to the Complaint.

A Complainant may withdraw a Complaint by advising the Behaviour Complaints Officer in writing that they wish to do so.

After receiving a written withdrawal of the Complaint, the Behaviour Complaints Officer will take all necessary steps to terminate the process commenced under this Policy.

d. Notice to Complainant

Within 7 days after receiving a Complaint, the Behaviour Complaints Officer will provide written notice to the Complainant that -

- i. confirms receipt of the Complaint;
- ii. outlines the process that will be followed and possible outcomes;
- iii. explains the application of confidentiality to the complaint;
- iv. includes a copy of this Policy; and
- v. if necessary, seeks clarifications or additional information.

If the Complaint Form indicates that the Complainant agrees to participate in Alternative Dispute Resolution, the Behaviour Complaints Officer will advise the Complainant of the process in accordance with Part 3(f) of this Policy.

If the Complainant has agreed to participate in Alternative Dispute Resolution, the Behaviour Complaints Officer will ask the Respondent if they are also willing to participate in accordance with Part 3.(f) of this Policy.

f. Alternative Dispute Resolution

The Shire of Esperance recognises that Alternative Dispute Resolution may support both parties to reach a mutually satisfactory outcome that resolves the issues giving rise to the Complaint. Alternative Dispute Resolution requires the consent of both parties to the Complaint and may not be appropriate in all circumstances.

To commence the process, the Behaviour Complaints Officer will, as the first course of action upon receiving a complaint, offer the Complainant and the Respondent the option of Alternative Dispute Resolution. If both parties agree to participate in Alternative Dispute Resolution, the Behaviour Complaints Officer will pause the formal process.

The objective of Alternative Dispute Resolution will be to reach an agreed resolution that satisfies the Complainant that the formal process is no longer required, allowing them to withdraw the Complaint, in accordance with Part 3(c) of this Policy. For example, an offer by a Respondent to issue a voluntary apology in response to a Complaint, even in the absence of a request from the Complainant, qualifies for consideration as Alternative Dispute Resolution.

If Alternative Dispute Resolution is commenced, both the Complainant and Respondent may decline to proceed with the process at any time. The process may also be terminated on the advice of a third party who is aiding the Local Government, such as a facilitator or mediator.

If Alternative Dispute Resolution is terminated or does not achieve an agreed outcome that results in the withdrawal of the Complaint, the Behaviour Complaints Officer will resume the formal process required under this Policy.

g. Order of Complaints

Complaints will normally be dealt with in the order in which they are received.

If more than one Complaint is received that relates to the same alleged behaviour, the Behaviour Complaints Officer may decide to progress those Complaints concurrently.

h. Appointment of Complaints Assessor

If Alternative Dispute Resolution is not commenced, is terminated or does not achieve an agreed outcome resulting in the withdrawal of the Complaint, the Behaviour Complaints Officer will appoint a suitably qualified and experienced Complaint Assessor. The Complaints Assessor may be either an Employee of the Shire of Esperance or a third party appointed in accordance with the Shire's Purchasing Policy.

The Behaviour Complaints Officer will endeavour to appoint a Complaint Assessor within a reasonable period. The Behaviour Complaints Officer will provide written notice of the appointment to the Complainant and the Respondent.

i. Search of Local Government Records

The Complaint Assessor may request the Behaviour Complaints Officer to search for any relevant records in the Shire's Record Management System.

In particular, if the behaviour is alleged to have occurred at a Council or Committee Meeting, the Behaviour Complaints Officer will be requested to identify any Local Government records that provide evidence that may support a decision as to whether -

- i. the behaviour occurred at a Council or Committee Meeting,
- ii. the behaviour was dealt with by the person presiding at the meeting, and/or
- iii. the Respondent has taken remedial action in accordance with the Shire of Esperance's *Standing Orders Local Law 2015*.

The Complaints Assessor must provide the Respondent with a copy of any records that are identified. In addition, where a clarification or additional information has been sought from the Complainant by either the Behaviour Complaints Officer or the Complaint Assessor, copies must also be provided to the Respondent.

j. Assessment of the Complaint

The Complaint Assessor will undertake an assessment of the Complaint in accordance with the process outlined in the Notices given under Part 3(d) and Part 3(e) of this Policy.

The Complaint Assessor must ensure that the Respondent is provided with a reasonable opportunity to be heard before forming any opinions, or drafting the Complaint Report or recommendations.

k. Complaint Report

The Complaint Assessor will prepare a Complaint Report that will -

- i. outline the process followed, including how the Respondent was provided with an opportunity to be heard;
- ii. include the Complaint Documents, the Response Documents and any relevant Local Government Records as attachments; and

- iii. include recommendations on each decision that may be made by Council; and
- iv. include reasons for each recommendation, with reference to Part 4 of this Policy.

If the Complaint Report recommends that a Plan is prepared and implemented in accordance with clause 2.6(4)(b) of the Code of Conduct and Part 4.(d) of this Policy, the Complaint Report must include a Proposed Plan.

The Respondent and Claimant will be provided with a draft copy of the Complaint Report, and an opportunity to make submissions, before the Complaint Assessor finalises the Complaint Report.

The Complaint Assessor will liaise with the Behaviour Complaints Officer to include the Complaint Report in the Agenda for a meeting of Council. The Behaviour Complaints Officer will be responsible for preparation of an Officer Report with the Complaint Report provided as a confidential attachment. The recommendations of the Complaint Report will be provided as the Officer Recommendations.

I. Complaints Committee Meeting

The Agenda will be prepared on the basis that the part of the meeting that deals with the Complaint Report will be held behind closed doors in accordance with s.5.23(2) of the Act.

The Behaviour Complaints Committee will consider the Complaint Report and attachments and give due regard to the recommendations.

In accordance with Regulation 11(d)(a) of the *Local Government (Administration) Regulations 1996*, reasons for any decision that is significantly different from the Officer Recommendation must be recorded in the meeting minutes.

If the behaviour that is the subject of the Complaint is alleged to have occurred at a Council or Committee Meeting, the Behaviour Complaints Committee will determine whether or not to dismiss the Complaint in accordance with clause 2.7 of the Code of Conduct and Part 4(b) of this Policy.

If the Behaviour Complaints Committee dismisses a Complaint, the Behaviour Complaints Officer must give the Complainant and the Respondent written notice of the decision and the reasons for the decision in accordance with clause 2.7(2) of the Code of Conduct. This concludes the process for this Complaint.

If the Complaint is not dismissed, the Behaviour Complaints Committee will consider the Complaint and make a Finding as to whether the alleged Breach that is the subject of the Complaint has or has not occurred, in accordance with clause 2.6 of the Code of Conduct and Part 4(c) of this Policy.

If the Behaviour Complaints Committee finds that the alleged Breach did not occur, the Behaviour Complaints Officer must give the Complainant and the Respondent written notice of the Finding and the reasons for the Finding in accordance with clause 2.6(7)(a) of the Code of Conduct. This concludes the process for this Complaint.

If the Behaviour Complaints Committee finds that the alleged breach did occur, the Committee will decide whether to take no further action in accordance with clause 2.6(4)(a) of the Code of Conduct or prepare a plan to address the behaviour in accordance with clause 2.6(4)(b) of the Code of Conduct and Part 4(d) of this Policy.

If the Behaviour Complaints Committee decides to take no further action, the Behaviour Complaints Officer must give the Complainant and the Respondent written notice of this decision and the reasons for the Finding in accordance with clause 2.6(7)(a) of the Code of Conduct. This concludes the process for this Complaint.

If the Behaviour Complaints Committee decides to prepare a Plan, the Committee will first consult with the Respondent in accordance with clause 2.6(5) of the Code of Conduct. The Behaviour Complaints Committee will consider any submissions made by the Respondent before preparing and implementing a Plan.

m. Compliance with Plan Requirement

The Behaviour Complaints Officer will monitor the actions in timeframes set out in a Plan.

Failure to comply with a requirement included in a Plan is a minor breach under section 5.105(1) of the Act and clause 3.9 of the Code of Conduct.

The Behaviour Complaints Officer must provide a report advising Council of any failure to comply with a requirement included in a Plan.

4. Decision Making

a. Objective and Principles

All decisions made under this Policy will reflect the Policy Objectives and the Principles included in Part 1 of this Policy.

b. Dismissal

The Behaviour Complaints Committee must dismiss a Complaint in accordance with clause 2.7(1)(a) and (b) of the Code of Conduct if it is satisfied that -

- i. the behaviour to which the Complaint relates occurred at a Council or Committee Meeting; and
- ii. either —
 1. the behaviour was dealt with by the person presiding at the meeting; or
 2. the Respondent has taken remedial action in accordance with the Shire of Esperance's Standing Orders Local Law 2015

c. Finding

A Finding that the alleged breach has occurred must be based on evidence from which it may be concluded that it is more likely that the breach occurred than that it did not occur.

This may involve first considering whether the behaviour occurred, on the balance of probabilities, and then whether that behaviour constituted a breach of a requirement of Division 2 of the Code of Conduct.

d. Action

In deciding whether to take no further action, or prepare and implement a Plan, the Complaints Committee may consider -

- i. the nature and seriousness of the breach(es);
- ii. the Respondent's submission in relation to the contravention;
- iii. whether the Respondent has breached the Code of Conduct knowingly or carelessly;
- iv. whether the Respondent has breached the Code of Conduct on previous occasions;
- v. likelihood or not of the Respondent committing further breaches of the Code of Conduct;
- vi. personal circumstances at the time of conduct;
- vii. need to protect the public through general deterrence and maintain public confidence in Local Government; and
- viii. any other matters which may be regarded as contributing to the conduct or mitigating its seriousness.

e. Plan Requirements

The Proposed Plan may include requirements for the Respondent to do one (1) or more of the following -

- i. engage in mediation;
- ii. undertake counselling;
- iii. undertake training;
- iv. take other action the Complaints Committee considers appropriate (e.g. an apology).

The Proposed Plan should be designed to provide the Respondent with the opportunity and support to demonstrate the professional and ethical behaviour expected of elected representatives expressed in the Code of Conduct.

The Proposed Plan may also outline -

- a. the actions to be taken to address the behaviour(s);
- b. who is responsible for the actions;
- c. any assistance the Local Government will provide to assist achieve the intent of the Plan; and
- d. a reasonable timeframe for the Plan action(s) to be addressed by the Respondent.

Any requirements identified within a Plan will be arranged by the Shire in accordance with the Elected Member Professional Development Policy once adopted.

Practice

Compulsory Training

The *Local Government Act 1995* requires all Elected Members to undertake compulsory training within 12 months of being elected. The Shire of Esperance is required under the *Local Government Act 1995* to adopt and report on compulsory training, and additionally, continuing development for Elected Members of the Shire of Esperance.

Elected Members of the Shire of Esperance must undertake and successfully complete the following prescribed professional development training modules titled “Council Member Essentials” within a period of 12 months from election, unless a prescribed exemption applies -

3. Meeting Procedures;
4. Conflicts of Interest; and
5. Understanding Financial Reports and Budgets.

All units and associated costs will be paid by the Shire and must be completed within 12 months following election. The training is valid for 5 years.

It is Council's preference that the training is undertaken via the eLearning method which is the most cost-efficient form of delivery. It is acknowledged that there may be Elected Members who prefer to receive training face-to-face and/or opportunities to attend training which is being delivered in the region or in the Perth Metropolitan area.

Ongoing Professional Development

The professional development of Elected Members is an important activity of the Shire to ensure that its decision making is of the highest standard and is the product of informed and ethical debate, by well trained and committed Elected Members, acting in the best interest of the community.

Elected Members are encouraged to nominate to attend other professional development opportunities to enhance and broaden their knowledge of local government issues to support the community.

In order to be eligible for approval under this Policy, professional development must be relevant to the role of an Elected Member, and offer demonstrable benefit to the Council as a governing body, the Shire as an organisation, and the broader community.

This includes continuing professional development that:

1. Enhances the understanding of Council Member roles and responsibilities, and/or the role and function of Local Government;
2. Assists Council Members to develop knowledge and skills in relation to the strategic objectives of the Shire;
3. Enables Council Members to further develop personal and professional skills, necessary for excellence in performance of the Council Member role; or
4. Supports Council Members in developing and maintaining positive and healthy communication, team culture and relationships, to facilitate excellent teamwork to achieve outcomes that deliver good government for the Shire community.

3. Accredited training organisations offering training which directly relates to the role and responsibilities of Elected Members;

4. Total estimated costs including accommodation, travel and sundry expenses.

Applications, including all required details, are to be submitted in reasonable time for registration. Where possible, the Shire will seek to take advantage of reduced prices for early registration.

The Shire President and Chief Executive Officer have the ability to approve or refuse applications for training or professional development. Considerations for approval include -

1. The costs of attendance including registration, travel and accommodation (if required);
2. The budget provisions allowed and the uncommitted or unspent funds remaining as per the Elected Member Entitlement Policy,
3. Any justification provided by the applicant when the training is submitted for approval;
4. The benefits to the Shire of the person attending;
5. Identified skills gaps of elected members both individually and as a collective;
6. The Elected Member holding a position on the relevant Council Committee that deals with the subject matter of the conference;
7. If no nominees are available from the relevant portfolio or Committee then the nomination will be at the discretion of Council;
8. The current or future strategic direction and activities of the Shire and its priorities as related to the Shire’s Strategic Community Plan;

Travel Arrangements

All booking arrangements for conferences and training for Elected Members are coordinated through the Chief Executive's Office.

Bookings allocated to Elected Representatives of the Shire cannot be exchanged, downgraded or rebated. Efforts will be made to modify departure times only.

Bookings will not be revised to include personal travel that is not part of the scheduled conference itinerary. Efforts will be made to upgrade or alter the booking if the Elected Member is personally paying for the additional costs.

The proposed duration of conference or training attendance together with travel time and planned supplementary pre or post conference activities relevant to the Shire of Esperance will be notified to Council or the Chief Executive Officer for confirmation and/or amendment prior to the delegate's departure for the conference or training.

Loyalty Program and Reward Points

Council Members are not to obtain personal benefits from expenditure of Shire funds and must not claim personal frequent flyer or accommodation loyalty points for air travel or accommodation paid for by the Shire.

Reporting and Publishing

All Elected Members attending any conference or training are expected to report to Council on the benefits achieved by attending and should make the conference papers available to other Councillors.

A record of conferences or training attended by Elected Members will be maintained by the Chief Executive Officer.

The Chief Executive Officer is to prepare a report each financial year on professional development training completed by Elected Members in the financial year.

This report is to be published on the shire website within 1 month after the end of the financial year to which the report relates.

Conference/Seminar Attendance

This statement applies to all conferences and seminars, in order that Council provides an opportunity for Elected Members to further their knowledge, professional development and to establish industry networks. Council recognises that Elected Members, in carrying out their duties and responsibilities, will be required to represent the Council by attendance at various conferences or seminars.

Attendance

Subject to budgeted funds being available, an allocation of \$4,500 per financial year will be allocated to each Elected Member to attend approved conferences, including interstate and intrastate conferences. The cost of attending Local Government Week and travel and accommodation costs related to attending conferences and seminars will be included within this financial limit. The Budget allocation for Elected Members for Conferences/Seminars, and Travel and Accommodation will be reviewed annually.

Elected Members may be nominated and authorised to attend conferences by -

1. the Council through a resolution passed at a Council Meeting for interstate and/or international conferences; or
2. the Shire President, or CEO acting within delegated authority, for intrastate conferences.

In applying this policy authority is delegated to the CEO to authorise attendance at intrastate conferences and to nominate and authorise a substitute Elected Member to attend any conference in lieu of the person/s approved, if they are unable to attend the conference.

Limitations on Conference Attendance

Elected Members conference attendance will be limited to the annual member allocation amount of \$4,500 and this will be applied to a combination of Local Government Week and other intrastate conferences to the combined maximum value of \$4,500 or alternatively one (1) interstate conference and other intrastate conferences to the maximum combined value of \$4,500. This allowance applies to all conferences but does not include dedicated training courses provided for Elected Members via WALGA or the Department of Local Government, this is determined under the Elected Member Training and Personal Development section of this Policy.

The Council shall have the authority to nominate the Shire President to attend any conference; however, the maximum value shall be 1.5 times the Member's allocation in any financial year.

Elected Member Training Allowance

An annual training allowance of \$3,000 per Elected Member will be available in order for Elected Members to undertake approved training courses for personal development. This allocation is for course fees only and does not include travel and accommodation costs.

Note: course costs for units specified in the Compulsory Training section of this policy are additional to the annual training allowance and will not reduce this balance.

For qualifications relevant to your position which are greater than the annual training allowance, the Shire may contribute up to 75% of the course cost.

Cost for travel and accommodation during approved training will be allocated from the \$4,500 conference allowance.

Conference and Training Costs, Travel and Related Expenses

The Shire will be responsible for the costs associated with training or professional development approved in accordance with this policy, as detailed in this section.

Travel, registration fees and accommodation are to be arranged directly by the Executive Assistant.

Expenses relating to conferences and training as approved, will be paid direct by the Shire. Expenses may include the following items -

3. Airfare;
4. Conference registration;
5. Copy of conference proceedings;
6. Accommodation; and
7. Meals

Incidental expenses include -

1. Travel to and from the conference venue; and
2. Travel to and from all airport destinations.

For each Council delegate authorised to attend a conference, training or seminar in accordance with this Policy, Council would cover direct expenses of such attendances, including the cost of registration, official conference functions/dinners/tours, travel arrangements, accommodation, and reasonable out-of-pocket expenses for the duration of the conference.

Reasonable out-of-pocket expenses would not include excessive in-room charges; mini bar costs; entertaining expenses; meals and drinks where provided for by conference registration; or personal costs such as dry-cleaning or personal care appointments.

Where the conference, training or seminar is held at a hotel, accommodation in the first instance will be sought from that particular hotel, or if not available, from an accommodation provider as near as practicable to the venue.

In the event that accommodation is not onsite, the Shire will reimburse Elected Members any taxi or public transport costs incurred for travel to or from the conference, training or seminar.

The preferred method of travel to and from a conference, training or seminar in Perth or interstate is via air travel. Alternatively, or where air travel is not available, the preferred method of road travel is by Shire provided vehicle. Where an Elected Member chooses to take their own private vehicle to suit personal arrangements, the Shire will -

1. Pay the Elected Member the equivalent of a single return flight to Perth (equivalent to the cost of a Rex Community Fare) for travel by private motor vehicle; or
2. Pay the Elected Member the rate stipulated in the table on page 1 of this Policy where the travel is outside of the Perth metropolitan region (i.e. Kalgoorlie, Ravensthorpe, Norseman etc.).

Where the mode of transport to attend a conference, training or seminar is a motor vehicle, the Shire will pay for parking costs incurred relating to attendance at the conference, training or seminar.

Hire cars will be made available to Elected Members to facilitate their attendance at a conference, training or seminar where the CEO considers it favourable as opposed to utilising taxis or public transport. In this instance parking costs will also be reimbursed.

Where meals are not included as part of the associated conference, training, seminar or accommodation, Elected Members will receive an allowance or reimbursement at the following rates in accordance with the *Public Service Award 1992* -

1. Breakfast \$16.30
2. Lunch \$16.30
3. Dinner \$46.50

Any expenditure over and above these amounts will be at the cost of the Elected Member.

Where the CEO or a Director pays for the costs of a group meal via corporate credit card, those Elected Members in attendance will not be paid the meal allowance referred to in point 8 above.

Elected Member Delegate – Accompanying Person

Where an Elected Member is accompanied at a conference or training course, all costs for or incurred by the accompanying person are at their personal expense and not covered by Council. The exception to this being the cost of shared accommodation, provided there is no increase in accommodation costs from the rate if the elected member attended the event alone, and attending any official conference dinner where partners would normally attend, then the Council would pay that cost.

Sharing of Knowledge

At the next Ordinary Council Meeting following the return from an approved conference, training or seminar, the Elected Member concerned shall provide at least a verbal report on the attendance for the information of other Elected Members. Any written papers or materials should be handed to the CEO for circulation within the organisation.

POL 0050: Elected Member Social Media

Purpose

The purpose of this policy is to provide guidance for the use of social media by Elected Members when engaging with the community in both a private and public capacity.

Scope

The Council is committed to engaging with Esperance communities, and enhancing existing communication and information circulation. Social media has become an essential part of daily life and method of communication. The use of social media by the Shire and the Elected Members can enhance communication, engagement and collaboration with our community.

The intent of this Policy is to ensure that social media engagement by Elected Members are thoughtful, well-reasoned and responsible, suited to their professional position and standing in the community and aligns with the adopted policies of the Council.

Definitions

Code of Conduct: refers to the Code of Conduct - Council Members, Committee Members and Candidates.

The Guide: refers to the Elected Member Use of Social Media Guide document.

Shire: refers to the Shire of Esperance as an organisation/governing body.

Social Media: includes all of the means by which information in the form of text, still and video images, sound files, data or preferences are communicated to an audience of more than one via the internet. Some examples of popular social media are -

1. Social networking sites (e.g. Facebook, LinkedIn, Google+)
2. Blog posts including video and podcasts
3. Video hosts (e.g. YouTube, Vimeo)
4. Image sharing sites (e.g. Flickr, Instagram and Pinterest)
5. Text or voice chat
6. Forums or discussion groups Geolocation based media (e.g. Foursquare)
7. Wikis and online collaborations (e.g. Wikipedia)

Practice

Social media, can play an important role in the public forum and can offer a means for public discussion around council and community issues.. Social media can help remove barriers in engaging wide sectors of the community and enhance existing communications and information circulation.

One of the roles of Elected Members is to facilitate communications between the community and Council. Where social media encourages short and attention-grabbing statements, the community expects thoughtful, well-reasoned and responsible

communications from its representatives. The existing expectations around professional conduct such as those contained in the Code of Conduct, Elected Member Use of Social Media Guide and Local Government Act 1995 apply.

As part of Elected Members induction into Council, a training session will be convened to provide advice to all Elected Members on the best practice use of social media in their role.

The Guide should be read in conjunction with the Code of Conduct and form part of Council's policies, codes and decisions. A breach of this Guide may be considered a breach of the Code.

Elected Members must not make 'improper use of office' to cause detriment to the Shire or another local government. Standards for Elected Members include the requirement to avoid damage to the reputation of the Shire and the legal fidelity to the Council. It is important to ensure the language and approach used online is consistent with what the community would expect from an Elected Member and meets the requirements of the Code of Conduct.

Recordkeeping

Social media posts and comments from the Shire of Esperance and Elected Members are classified as official public records. It is a statutory requirement for the Shire to monitor relevant social media posts and retain them in the Shire's document management system for record keeping purposes, as per the *State Records Act 2002*

Use of Social Media During Local Government Elections

During a Local Government election period social media may fall into the category of 'election material'. Election material is any material which is published in any format which is intended to affect the result of the election.

All election material must contain the name and the address of the person who authorises the material. Therefore, any social media which may in some way comment on Candidates or Council during an election campaign must meet the requirements of the Local Government (Elections) Regulations 1997 and associated Regulations. Elected Members and Candidates should familiarise themselves with these requirements. If in doubt, act on the side of caution and refrain from using social media to make comment. Advice can be obtained from the Office of the CEO or Electoral Commissioner's delegate.

POL 0051: Bushfire Management

Purpose

1. Imposing, managing and reviewing harvesting, machinery and vehicle movement bans within the district of the Shire of Esperance.
2. Exemptions to Harvest and Vehicle Movement Bans on non TFB days.
3. To ensure Bushfire Control Officers have the necessary experience and training to hold these positions.
4. Minimum standard requirements for Bush Fire Brigade Volunteers.

Scope

To ensure adequate measures are in place to reduce the risk and spread of fire in the community.

Definitions

Harvest and Vehicle Movement Ban (Harvest Ban) - A ban on all harvesting, machinery and vehicle movements within a Shire, or part of the Shire, when the Fire Behaviour Index (FBI) reaches 50 or above.

Fire Behaviour Index (FBI) – Is a scale of potential fire behaviour. Fire agencies use the FBI to inform decisions about fire danger ratings for the district, along with information about other conditions.

Practice

Management of District for Harvest Bans and Burning Permits

That for the purposes of fire incident management and imposing and reviewing Harvest Bans and the district of the Shire of Esperance be divided into six zones – West Coast Zone, West Zone, North Zone, East Zone, East Coast Zone and Urban Rural Zone and include the following sub-zones -

1. West and West Coast Zones be divided into two sub-zones down the Lort River, which provides a natural boundary.
2. East and East Coast Zones to be divided into two sub-zones from Mt Ridley, along Bronzewing Road, Kau Rocks Road, Kettles Road and Daniels Road.
3. North Zone be divided into two by the Brigade boundaries of Southern Mallee and Salmon Gums.
4. Naming of the sub-zones be by numbering 1 and 2 within each existing Zone, using Esperance town as a “hub” and numbering away from town.

Each zone is to have a 'senior' control officer referred to as a Senior Bushfire Control Officer. It is accepted that the Chief Bushfire Control Officer may also be appointed a Senior in control of a zone.

The Chief Bushfire Control Officer shall have ultimate authority for fire control imposing of and reviewing Harvest Bans. When managing Harvest Bans every effort to liaise and consult with the Senior Control Officers in each zone should be made. Senior Control

Officers should make every effort to be available to assist the Chief Bushfire Control Officer with implementation and review of Harvest Bans.

Guidelines for Harvest and Vehicle Movement Bans

On non-Total Fire Ban (TFB) days, a Harvesting, Machinery and Vehicle Movement Ban will be put in place when the Fire Behaviour Index (FBI) reached 50 on the Fire Behaviour Index calculator – Grassland Model.

The Senior Fire Control Officers will use WHATSAPP as the primary communication method to discuss fire weather condition. On days a High fire danger or above is forecast by the Bureau of Meteorology, a radio sched may take place, to discuss weather conditions and a plan for the day will be established by the Senior Fire Control officers across the Shire.

A Harvest and Vehicle Movement Ban will be implemented when the FBI of 50 is reached, or is requested by Fire Control Officers to the Chief Bush Fire Control Officer. A Ban can be in place across the whole Shire or individual Zones.

Lifting the Ban, will occur when weather conditions are deemed appropriate by the CBFCCO for harvesting operations to resume.

When a Ban is implemented, it will be communicated by text message, updates on the Harvest Ban Hotline, Social Media, the Shire Website and ABC Radio.

There will be an automatic Harvest and Vehicle Movement Ban in place on Christmas Day and New Year's Day annually. Other days may be considered by the Chief Bush Fire Control Officer depending on seasonal conditions.

Exemptions to Harvest and Vehicle Movement Bans

There are some examples of operations whereby the requirements of Harvest Bans can be exempt.

1. Loading and offloading of grain, fertiliser and feed is only permitted on sites which are approved and registered by Council on an annual basis and which are clear of all inflammable material save live standing trees to a radius of at least 25 metres. A mobile firefighting unit shall be in attendance at all times and accompany the grain carting vehicle when travelling on a laneway between the registered site and a made gazetted road.
2. Water carting for stock and domestic purposes provided it is accompanied by a mobile firefighting unit, or alternatively, the water carting vehicle acts as the mobile firefighting unit and meets minimum specifications (this also requires the retention of 400 litre of water at all times).
3. All necessary travel within piggeries, sheep or cattle feed lots, provided this is undertaken in a mobile firefighting unit.
4. All necessary carting of livestock provided that such a vehicle is accompanied by a mobile firefighting unit.
5. Essential Services such as power, water, telecommunications disruption provided that a vehicle is accompanied by a mobile fire fighting unit.

6. All other activities or operations may only be undertaken during Harvest and Vehicle Movement Bans after approval has been granted by the Chief Executive Officer. Approval has to be sought on an individual basis. Approval may be subject to specified conditions. It should be noted that approval may not be granted.

Post-Harvest Stubble Slashing

As per Regulation 38A of the *Bush Fires Regulations 1954*, that post-harvest stubble slashing can only be undertaken during the Restricted and Prohibited Burning Periods under the following conditions -

1. A mobile firefighting unit of not less than 800 litres capacity be situated in the paddock whilst stubble slashing is in progress.
2. A minimum of 2 x 9 litre fire extinguishers must be carried on all slashers.
3. A 2-way radio communications unit must be installed on all vehicles.

The refuse and recycling collection charge is to be set as part of the annual budget each financial.

Rural properties without access to recycling may be eligible for 360 litre MGB.

Contamination

The Shire maintains a three-strike policy regarding the contamination of a recycling bin. On the first occurrence the Contractor or authorised shire staff will place a warning sticker on the receptacle stating “not to collect’ until the unacceptable items (contamination) are removed. The removal of unacceptable items (contamination) from the MGB is the responsibility of the occupant, after which the MGB can be placed back out for collection on the next recycling collection day for that premises or by special arrangement. For a second occurrence of contamination, the occupant will also be contacted in writing by a Shire representative to communicate the appropriate use of the service. The recycling MGB will be removed on a third occurrence with fees and charges for the service remaining. The occupant can apply to have the recycling service reinstated after a 30-day cooling off period. When the MGB is returned the occupant will be provided with accompanying education material.

The Shire will promote waste reduction and recycling in the community. The Shire will work with the Keep Australia Beautiful Council and other approved agencies to promote and encourage litter reduction

Waste Vouchers

The Shire shall issue four waste vouchers to each rateable assessment property. The vouchers will be issued with the first rate notice each financial year. New properties or change of ownerships coming onto the domestic waste service shall be issued with pro-rata waste vouchers on written application by ratepayer or authorised property manager. POL 0064: Shark Hazard Response

Purpose

The purpose of this policy is to –

1. Provide direction for responding to shark interactions and shark sightings, as well as the broader approach to water safety warnings and information provided to the public.
2. Guide the administration of the Shire of Esperance Property Local Law 2009, under which a sign may be erected to regulate, prohibit or restrict specific activities on the beach or in the water and the giving of directions to swimmers to leave the water if a shark is suspected of being in the vicinity of the beach.

Scope

This policy applies to beach areas under the care, control or management of the Shire of Esperance.

Definitions

Authorised Person: means the Chief Executive Officer or a person or class of persons appointed under section 9.10 of the *Local Government Act 1995* for the purpose of administering the Shire of Esperance Property Local Law 2009

DPIRD: mean Department of Primary Industries and Regional Development

DBCA: means Department of Biodiversity, Conservation and Attractions – Parks and Wildlife Service

Patrolled Beach: means a beach that has a SLSWA beach safety and surveillance service in operation.

Shark Interaction: means an incident where a shark bumps, nudges, chases or attacks or person

SLSWA: means Surf Life Saving Western Australia

Unverified Shark Sighting: means a shark sighting reported to the Shire from Water Police WA and forwarded to the Shire from the Water Police WA.

Verified Shark Sighting: means a shark sighting reported to the Shire from WA Government Shark Monitoring Network, that is tagged shark detected through the shark monitoring network

In determining the level of shark response, the following Beach Categories and summary response protocols have been established.

Beach Categories

Category 1: Patrolled by SLSWA, Beach Life Guards (during vacation swimming lessons) or VacSwim educators

Response: Evacuate / close beach – re-open 1 hour post last sighting. Warning sign in place for 24 hours.

Category 2: Not patrolled, easy road access, regularly populated, car parking and amenities provided.

Response: Notify beach goers as soon as practicable. Post signage indicating recent shark sighting / activity. If frequency > 4 times/annum, consider permanently beach signage. Remove signage 2 hours post last sighting. Warning sign in place for 24 hours.

Category 3: Not patrolled. Access available but not regularly occupied by crowds, no amenities.

Response: As soon as practicable, post signage indicating recent shark sighting/activity. If frequency > 4 times/annum, consider permanently sign beach.

Category 4: Not patrolled. Remote, limited access, no amenities, not thought to have crowds of 10 persons or more.

Response: If practicable, post signage indicating recent shark sighting/activity. If frequency > 4 times/annum, consider permanently sign beach.

Practice

The Chief Executive Officer will prepare a more detailed internal procedures/protocol to supplement this policy and to guide operational staff in the exercise of their functions. The Chief Executive Officer will consult with Councillors as appropriate in the development of those procedures/protocol.

The policy acknowledges the length of the Esperance coastline. Beaches have been categorized using factors such as SLSWA patrols, vacation swimming, access and use. Response to shark sightings at the different categories are reflective of these factors.

This policy recognises that at a beach patrolled by SLSWA, the on duty life saver will be responsible for implementing shark sighting response in accordance with the SLSWA standard operating procedures. In addition Rangers will respond advising beach users and the shark sighting and place signs (warning or beach closed) 1kilometre either side of the sighting.

The Shire will be responsible for activation of Shark Warning Towers (Spectur) at Kelp Beds, West and Twilight Beaches where an unverified shark sighting has been reported. (Note: Verified (detected) shark triggers an automatic activation of the Shark Warning Tower at the relevant beaches).

Surfcomm will be notified by Rangers when Shark Warning Tower is activated on SLSWA patrolled beaches when they are patrolled.

The Shire will engage with SLSWA with the aim of updating coastal risk and safety signage.

Shark sighting reports received by the Shire through the Shark Monitoring Network generally provide details about the location of the shark, species, size and in some instances direction of travel, which are essential for making decisions about swimmer

safety. The Shark Monitoring Network service available will inform the Shire's response to a shark sighting.

Shark sighting reports received by the Shire from the WA Water Police will be assessed acknowledging the source of the information i.e. a public report.

In the event of a shark attack fatality, WA Police are the lead agency. The Shire will provide assistance with the management of the shark attack and implement beach safety measures as considered necessary and under the direction of the WA Police.

Where a direction is given to swimmers to leave the water following a shark attack, the decision to re-opening a beach for swimming shall occur after consultation with lead agencies.

Policy recognizes the need for improving community awareness and education about the shared responsibility of risk. The Shire will actively promote -

1. Report Shark Sightings to Water Police on 9442 8600;
2. WA Governments Shark Smart website; and,
3. Other communication mechanisms to inform the community of recent reports of shark activity/management.

Policy Content

At a Patrolled Beach, when the beach is patrolled, an SLSWA life guard is the authorised person for responding to a shark sighting and for implementing the SLSWA response procedure which may include sounding alarms* to alert swimmers, clearing the water of swimmers and monitoring shark presence.

* Note – this alarm is separate to the Shark Warning Tower (Spectur) system managed by Shire Rangers.

All shark sightings are to be reported to Water Police on 9442 8600.

Due to the minimal risk associated, if the shark sighted is less than 2 metres in total length, the Shire will monitor but maintain normal operations and not take any action.

The Shire may also mobilise as outlined below in the event of an Unverified Shark Sighting to minimize risk to the community -

1. The Shire will be responsible for activation of Shark Warning Towers (Spectur) at Kelp Beds, West Beach and Twilight Beach
2. If the shark sighted is greater than 2 metres in total length and less than 500 meters from the shore, temporary signage is to be placed on the beach immediately adjacent to the shark sighting location, at intervals of approximately 500 metres and/or on key beach entry points, for a distance of approximately 1000 meters from a point on the beach immediately adjacent to the shark sighting location.
3. Warning Signage installed on a beach or access points to a beach will remain in place for at least 24 hours from the time of the last notification after the last shark sighting. Beach Closed signage, when installed, will remain in place for a

minimum of 1 hour post last sighting for Category 1 Beach or a minimum of 2 hour post last sighting for Category 2 Beach.

Shark Interaction at Shire Managed / Controlled Beaches) -

1. Where there is a shark interaction i.e. bump/nudge/chase, the beach maybe closed by Authorised Persons.
2. Where a shark attack fatality occurs, the beach will be closed by Shire Authorised Person(s) under the direction of the Incident Controller. The beach will re-open 48 hours post incident.
3. Incident Controller, managing the incident, will provide direction to Shire response activity, (i.e. beach closure, manned or unmanned) until responsibility of land management is returned to the Shire.
4. The Shire will consult with relevant agencies in the consideration of activities that may include the re-opening of beaches after an incident has occurred.
5. Shark Warning Tower activated (Mode 2 – Evacuation) by Shire authorised persons.
6. In the event that the Twilight Beach Shark Warning Tower is activated an authorised person will notify SurfCom on 137873.
7. Beach closed signs will be erected at critical locations car park / beach entry points as soon as practicable to notify beach goers of the potential danger and beach closure.
8. An Authorised Person or support agencies will also patrol the relevant beach area one kilometre each side of the attack to notify beach goers of the potential danger.
9. Where it is identified that the public is in clear immediate danger from shark threat, an Authorised Person will endeavour to notify the public via the use of a vehicle horn, air siren or whistle, where available and practical.
10. Where a shark interaction occurs, the Shire may consider installing permanent static signs to notify the public of the potential risk.
11. Permanent signage may contain relevant information provided by DPIRD and Surf Life Saving WA outlining safer water use practices / considerations.
12. If a shark interaction occurs between Bandy Creek Boat Harbour and Cape Le Grand National Park an authorised person will notify DBCA on 9083 2100.

Community awareness of shark hazard will be promoted by -

1. Providing information on the Shire website about how to access recent reports of shark activity from the WA Government information and encourage swimmers to SLSWA patrolled beaches.
2. Installing permanent signage at key beach car parks to inform and promote to beach users, how to access the most recent information on local shark activity.
3. Temporary signage installed in accordance with this policy shall be used to inform beach users and swimmers that a shark has been sighted in the vicinity and provide information on how to access the latest shark sighting report information from the WA Government information and communication platforms.

Prioritisation of response activities

Shire Rangers / Authorised Persons will respond to shark sightings as a matter of priority, except where currently engaged in or mobilised to respond to the following -

1. Fire / emergency;
2. Dog attack on person; or
3. Stock on road.

Where priority activities divert Shire resources from dealing with immediate shark matters, secondary support resources will be activated as soon as possible to assist from the following -

1. Other on-duty Shire Ranger / other Authorised Persons;
2. WA Police and other Emergency Service agencies (where relevant);
3. Other Shire Services as required.

Record Management

Responding Authorised Persons are required to collate and archive records containing the following -

1. Date, location, type, size and time of shark sighting / attack and summary of activities undertaken in each instance.

The Rangers will also collate and maintain a record of -

2. Compliance and Enforcement Policy published by the Department of Water and Environmental Regulation applicable to the *Environmental Protection Act 1986*, *Litter Act 1979* and related legislation.

Scope

This Policy applies to all compliance and enforcement actions by any Officer with responsibilities under statutory or delegated authority for ensuring compliance with Western Australia state legislation and Shire of Esperance (the Shire) local laws.

Definitions

Authorised Person: a person or a member of a class of persons who have statutory (including delegated) power or who are otherwise authorised to commence and carry out legal proceedings relating to an offence, as provided in the relevant legislation.

Compliance: acting in accordance with relevant legislation and lawful directions.

Enforcement: both action taken against parties in response to evidence of unlawful activity, and to the processes preceding such action: responding to allegations of breaches, inspecting, assessing and investigating potential unlawful activity. Enforcement also includes processes prior to making a decision not to enforce the law in particular circumstances, despite evidence or allegations of non-compliance.

Investigation: the process of establishing and analysing facts and applying fair and reasonable interpretations to determine whether a non-compliance or an offence have occurred and the person most likely responsible.

Offence: a form of non-compliance that is classified as an offence in legislation.

Officer: an employee of the Shire of Esperance.

Proactive Compliance: the commencement of compliance investigations into an activity without a written complaint.

Shire: the Shire of Esperance.

Standard of Proof: the desired standard of proof, to be applied to all relevant facts, is 'beyond a reasonable doubt', as required for a successful prosecution in criminal proceedings.

Practice

Compliance and Enforcement Action

The Shire is required to administer its statutory responsibilities under applicable legislation in a transparent and fair manner in the interest of public health, safety, and amenity. The Compliance Matrix contained in this Policy is not a complete list of compliance matters the Shire may investigate under its responsibilities.

Each investigation into an alleged offence undertaken by the Shire will be assessed on a case-by-case basis as per this Policy. An Offence Category may be varied to ensure the response is appropriate under the circumstances and is proportionate to the nature of the offence, and the harm caused or likely to be caused. Where there is a deviation, the responsible Manager or Director will be informed to confirm the divergence from the Policy and proposed actions.

Conflict of Interest

Where a real or perceived conflict of interest may exist, the Officer affected will ensure the responsibility to investigate and respond is transferred to another appropriately-authorized person.

Investigation Process

Process of investigation -

1. Assess the information/allegation of alleged breach;
2. Determine the appropriate investigative approach;
3. Ensure the Officer has the appropriate powers and authority;
4. Plan the investigation;
5. Collect information and evidence;
6. Apply standard of proof;
7. Record all relevant information;
8. Prepare investigation documentation with any recommendation for enforcement action; then
9. Close investigation.

The investigation process must be read in conjunction with any statutory provisions and guidelines applicable to a particular investigation being undertaken.

Reactive Compliance Investigations

Reactive compliance investigations will be undertaken and prioritised based on the Offence Categories set out in this Policy.

In some circumstances compliance issues may be the result of neighbourhood disputes. The Shire may discontinue an investigation of a complaint where it can be reasonably ascertained the complaint is unsubstantiated or pertains to a civil matter. The Shire will not provide advice in relation to civil matters.

Proactive Compliance

Proactive compliance may be carried out in the following circumstances -

1. Audits of Approvals, Permits and/or Refusals;
2. Assessments conducted in response to Pre-Sale Report requests;
3. Education and awareness raising to encourage voluntary compliance;
4. Investigation of issues observed by officers during the course of work-related activities; and
5. Investigation of issues identified through annual work programs in which the principles outlined in the Policy will also be applied.

Conclusion of Investigation

At the conclusion of an investigation, officers shall use the most appropriate action based on this Policy in conjunction with the Compliance and Enforcement Matrix, unless approved otherwise by the appropriate Manager or Director.

Complainants and alleged offenders will be advised in writing, or another appropriate form of communication, of the investigation outcome (subject to confidentiality requirements) and the matter closed.

Offence Categories

Where an investigation is undertaken, and it is considered there is sufficient evidence to substantiate an allegation of a breach, the Shire will take the appropriate enforcement action. The action will be based on the specific circumstances of each individual case, with considerations to the Offence Categories.

Offence Categories

Minor: A breach of legislation, which has a minimal impact on the community, a person or the environment. The breach may be able to be resolved in a relatively short timeframe without any further impact once compliance has been reached.

Moderate: A breach of legislation that may initially have minimal impact on the community, life, critical infrastructure, property, or the environment but if allowed to continue the impact may have a major or more significant impact. The breach may initially be able to be resolved with a formal warning, infringement, directions notice or order under relevant legislation.

Major: A breach of legislation that significantly affects or risks the health and safety of the community, life, critical infrastructure, property, or the environment. It may also be a case where the issue cannot be resolved in a short timeframe, or where the alleged offender is not willing to cooperate or negotiate in order to achieve compliance, which may lead to a prosecution action.

Offence Categories are a guide only and are subject to review during the investigation process. Enforcement actions contained in the above definitions are not exhaustive or limiting to each particular definition.

Enforcement Options

The Shire will apply a graduated and proportionate approach consistent with the below diagram:

Any enforcement action commenced is to be timely in order to provide the best chance of achieving a desired outcome.

Enforcement Options

At the conclusion of an investigation, officers shall use the most appropriate action. This may include one or more of the following enforcement options (listed in increasing order of severity) -

1. No enforcement action taken, or information provided on how to achieve compliance;
2. Referral to an external agency or relevant authority;
3. Request for retrospective approval (if applicable), or remedy in accordance with relevant legislation;
4. Formal Warning issued;
5. Penalty Infringement Notice issued;
6. Statutory Notices, Orders, or Declarations issued *;
7. Prosecution action commenced; or
8. A combination of the above.

* Notices, Directions or Orders may require, amongst other things, the land owner, occupier, or recipient to obtain subsequent approvals, cease the unapproved development, remove unapproved structures or undertake prescribed work.

Enforcement Action

Decisions on enforcement action may have regard to any or all of the following factors -

1. Whether there has been a failure to comply with any request, direction or notice;
2. Internal recommendations, including those made by the Development Coordination Unit;
3. Whether the breach or offence was committed wilfully or unknowingly;
4. Whether the breach or offence is ongoing;
5. Any mitigating or aggravating circumstances;
6. Any demonstrated history of non-compliance;
7. The length of time since the incident (including statutory time frames);
8. The potential short and long-term consequences of non-compliance; and
9. Legal precedents, advice received or the existence of an estoppel situation.

Circumstances Where No Enforcement Action Necessary

The Shire may take no enforcement action after an investigation, where -

1. It is considered that an educative approach through issuance of a written warning or verbal instruction to prevent continuance or reoccurrence of the matter is most appropriate;
2. There is insufficient evidence to prove non-compliance after reasonable attempts have been made to investigate the matter;
3. The individual or entity has remedied the alleged breach, discontinued or removed the unauthorised development or has obtained the relevant approval(s);
4. Having regard for the capacity of the alleged offender, it is determined that an alternative approach to achieving compliance is more appropriate;

5. The matter is considered trivial in nature, or would be an unreasonable use of the Shire's resources;
6. It is likely a consent would have been given for the activity if it had been sought; and
7. Considerable time has elapsed since the breach occurred, in circumstances where the potential for harm is minimal and the matter is minor in nature.

Acting in Default of Notices or Orders

Legislation may permit the Shire to undertake works as specified in a Notice or Order to restore the land as nearly as practicable to its condition immediately before the development started, or execute that work as it directed that person. The Shire may be entitled to recover its expenses in a court of competent jurisdiction.

Prosecution Actions

Initiation of Proceedings

The Shire may instigate prosecution proceedings under an Act, regulation or local law where the Shire considers the offence warrants such action. The Shire may also become involved in prosecution proceedings if -

1. At the election of the alleged offender;
2. Escalation following a court decision; or
3. Escalation following a State Administrative Tribunal (SAT) decision.

The Shire may consider the following when determining whether to initiate prosecution proceedings -

1. The seriousness and nature of the offence;
2. Legal advice received including the prospects of success;
3. Any evidence of contempt or disregard for the law;
4. Any public health or safety impacts resulting from the offence; and
5. Whether the prosecution is in the public interest.

Withdrawal of Proceedings

The Shire may consider the following factors when determining whether to withdraw from prosecution proceedings -

1. Legal advice received; or
2. The Chief Executive believes an appropriate level of compliance has been achieved; or
3. The matter has been settled out of court; or
4. An error of law or fact occurs; or
5. The owner or occupier of the land is deceased or cannot be located.

Right of Review and Appeals

Offenders will be notified in writing of their right to appeal a direction or decision of the Shire when applicable. Where a right of review is lodged with the State Administrative Tribunal or Shire, no further enforcement action will be taken until a determination has been made.

This does not prevent the Shire from pursuing other matters in instances where numerous non-compliances relate to the offender.

Disclosure of Information

Requests for information from members of the public in relation to compliance or enforcement matters will be handled in accordance with the Shire's Freedom of Information Statement.

Requests made pursuant to the Freedom of Information Act 1992 (FOI Act) will be handled in accordance with the processes set out in the FOI Act. Any decision to release or refuse to release information will be considered on a case-by-case basis in accordance with the provisions of the FOI Act.

Officers shall not release information on specific compliance and enforcement activities, such as active investigations to the public.

Delegations

Refer to Register of Delegations and Sub-delegations (as amended).

POL 0067: Body Worn Camera

Purpose

The objective of this policy is to formalise the use of by Body Worn Cameras (BWC) and manage the records generated.

The use of a Body Worn Camera provides a method to document law enforcement activity through audio and visual recording of incidents as they are occurring. The purpose of using BWC's is to reduce aggression and complaints against compliance and regulatory officers, increase their safety and provide collaborating evidence for prosecutions.

Scope

Body Worn Cameras will be worn routinely by Rangers and compliance officers completing investigations, inspections or assessments.

Definitions

Body Worn Camera - A wearable camera providing high definition and high quality audio that is used to record interactions between local government officers and community members

Practice

Use of Body Worn Cameras by officers to assist in the administration of their duties and dealings with the public is to be authorised by the Chief Executive Officer.

Visual and sound records captured by Body Worn Cameras will be stored, accessed and disposed of in accordance with the Shire's *Records Management Policy* COR 009, *Freedom of Information Act 1992*, *State Records Act 2000*, *Surveillance Devices Act 1998* and the *Evidence Act 1906*.

Authorised staff who use Body Worn Camera devices are to follow Shire procedures, to ensure the appropriate and proper use of BWC devices in performance of their duties and their dealing with the public, where the recordings are consistent with this policy and law.

BWC devices will be stored in a secure location when not in use. Loss or theft of any BWC is to be immediately reported.

BWC devices will only be used by on-duty officers wearing a Shire uniform or displaying formal identification.

BWC devices will be used in an overt manner, attached in a prominent location on the officer's body, uniform or clothing in a manner that maximises the cameras ability to capture video footage.

Where reasonably practicable, officers will identify themselves to any person (or group of persons) likely to be captured in the field of view and give notice that the BWC is switched on and actively recording. Notice is not required in the event that there is a

real or perceived danger to the officer or another person which precludes the giving of notice. A written record is to be created to justify that decision.

Recordings (data) must not be deleted from the BWC by an officer in the field. All BWC recordings captured must be retained for assessment and classification.

POL 0068: Sporting Association Ground Fees

Purpose

This policy provides the methodology for utilising the Sporting Association Ground Fees “Charge per Unit” as specified within the Annual Shire of Esperance *Schedule of Fees and Charges*.

Scope

This policy applies to seasonal users of Shire of Esperance sporting grounds.

Definitions

N/A

Practice

Council will set a ‘unit’ charge for the seasonal use of Shire of Esperance sporting fields. Seasonal sporting association fees will be calculated based on the following formula:

Number of Grounds x Field Size x Length of Season x Impact x Junior Discount = No. of units.

The number of units is then multiplied by the “charge per unit” to determine the total owing by each seasonal user.

Notes:

Field size is determined per 5000m² (approximately). All football/cricket ovals are rated as being 20,000m².

Season Length is measured either as ½ year or full year.

Impact of each sport on the grounds is measured as either high or low.

The Junior Discount (at a rate of 75%) is only applied in instances where there is no senior competition with regards to that particular sport.

Allowance is for 1 day of competition or club day per sport per field. No charge for training however competition/club days have priority. Additional days attract an additional charge, although discretion is available where a full day’s activity is split across two days without impacting on other sports and/or resulting in a lower impact on the sporting grounds.

Sports will not have their fee increase by more than \$300 or 10% (whichever is greater) in a single year (unless they add an additional ground or day to their previous booking).

POL 0003: Staff Annual and Long Service Leave Management

Purpose

To facilitate consistency throughout the organisation in administering the leave provisions for employees.

Reinforce the positive benefits of taking leave when it becomes due.

Manage all leave to ensure that employees endeavour to utilise their entitlement when they become due to minimise the accrual of leave and to reduce the financial liabilities of Council.

Scope

This Policy applies to all employees of the Shire of Esperance.

Definitions

N/A

Practice

Employees are entitled to Annual Leave and Long Service Leave consistent with the provisions of their relevant employment contract and/or Shire of Esperance Enterprise Agreement and the Local Government (Long Service Leave) Regulations (WA) (LGLSLR).

The primary reason for both annual and long service leave is to allow employees to rest and recuperate in order to remain fully productive. In order to ensure this, all employees should be encouraged to take leave as soon as practicable after it has accrued.

The Chief Executive Officer and/or Directors will endeavour to approve leave applications consistent with the employee's requirements, however, the requirement must be considered in the context of the organisation's commitments and its liability to meet its obligations.

Staff employed on a permanent basis, either full time or part time are entitled to accrue both Annual and Long Service Leave. Staff employed on a casual basis are not entitled to accrue Annual Leave but are entitled to accrue Long Service Leave.

Annual Leave

An employee should endeavour to take annual leave within one year from the date in which the leave is accrued.

In accordance with the Shire's Enterprise Agreement, employees can accrue up to eight weeks of leave. Should more than eight weeks of leave be accrued, the Shire can give notice to the employee that they are required to take leave.

Long Service Leave

Notwithstanding the provisions of the LGLSLR, the Shire of Esperance will allow an employee a period of up to one year after their Long Service Leave has come due to clear that leave.

Should an employee wish to carry over any portion of their entitlement after that one-year period a request must be submitted in writing to the Chief Executive Officer for approval.

Where commencement of the Long Service Leave has been postponed to meet the convenience of the employee beyond a period of six months after becoming entitled to take leave, the rate of payment for that leave shall be at the rate applicable to the employee for ordinary time (excluding allowances) at the 10 year and 6 month mark, unless agreed in writing between the Local Government and the employee.

Practice

For all employees exceeding 15 years continuous service with the Shire of Esperance, the Shire of Esperance will pay, in addition to the statutory Superannuation Guarantee Contribution amount, an additional 2.5% contribution to the Employee's nominated Superannuation Fund.

The additional contribution will be paid independent of any additional contributions already being made into the Employees nominated Superannuation Fund by the Shire.

In addition, any Shire of Esperance employee who has given twenty (20) years satisfactory service will be presented with their choice of a suitable gift in recognition of such service.

Associated Procedure

The Manager Human Resources is to advise the CEO annually (at the time of preparation of the draft financial budget to ensure that sufficient funds are included within the Members Section of the Draft Budget) the number of employees who will attain their 20-years of continuous service during the relevant financial year.

The Manager of Human Resources will then advise the CEO of employees as they reach this milestone to enable a suitable gift to be purchased and a date/time of presentation to be organized.

The suitable gift is to be purchased locally and will be up to a value of \$500. The gift is presented by the Shire President either -

1. At the next scheduled monthly Ordinary Meeting of Council (if this is agreed to by the employee) to which the recipient and his partner are invited to join Councillors at dinner with the presentation being made prior to the commencement of the meeting; or
2. At a staff function either at the Depot for the outside workers or in the staff room for inside workers; or
3. If the milestone is reached late October through to end December then it would be more appropriate to have the presentation undertaken at the Staff/Councillor Christmas function.

POL 0009: Termination of Employment

Purpose

To ensure that where applicable correct procedure is followed in relation to severance payments.

To ensure that appropriate procedures are applied in instances of redundancy to employees.

To ensure that an employee is given substantive and procedural fairness when the need arises to discipline or terminate.

Scope

This Policy covers all Shire of Esperance employees.

Definitions

N/A

Practice

For the purpose of Section 5.50(1) of the *Local Government Act 1995* (the 'Act') this policy will set down circumstances and manner of assessment upon which the Shire of Esperance will pay an employee an amount (severance payment) in addition to any amount to which the employee is entitled under a contract of employment, award, industrial agreement or order by a Court or Tribunal.

A terminating employee is entitled to severance pay and benefits in accordance with -

1. Any federal or state award or industrial agreement applicable to that employee;
2. Any applicable provisions within the employee's contract of employment;
3. Any applicable award or order made by a federal or state industrial tribunal arising from the circumstances of that employee being specifically brought before that tribunal, subject to any right of appeal;
4. Where Council so agrees, any recommendation made by a federal or state Industrial Commissioner arising from the circumstances of that employee being specifically brought before that Commissioner.

Where a dismissed employee has taken or is proposing to take legal action, Council may decide to settle to avoid expensive litigation. Matters to be taken into consideration by Council as to whether it will seek a settlement and if so, the extent of any financial offers may include -

1. possible exposure to litigation;
2. the cost of legal advocacy and support;
3. the cost of witnesses;
4. the cost of travel and accommodation in running the case;
5. the cost of having staff tied up in the preparation and hearing of the case; and
6. the disruption to operations.

Council may decide to settle in a situation where an employee, due to illness or impairment is unable to perform his/her job and there has been mutual agreement that employment must end.

Matters to be taken into consideration by Council in determining the extent of any financial offers may include -

1. the length of service;
2. the conscientiousness of the employee over the past employment;
3. the value of the employee's service having regard to position(s) held and the regard given by Council to the employee's contribution;
4. the personal circumstances of the employee including family responsibility, future employment prospects and alternative sources of income; and
5. possible exposure to litigation if the employee was dismissed having regard to obligations of Council under the State Equal Opportunity Act, the Commonwealth Disability Discrimination Act and the Commonwealth Workplace Relations Act.
6. circumstances of the severance

The term "weeks' pay" means the normal weekly salary or wage payable to the employee including any penalty rates normally paid but excluding overtime or intermittent payments. The term also includes salary or wages specifically sacrificed for additional non-award benefits but does not include the value of any non-award benefit normally provided for the employee's position (such as a vehicle in the case of a senior position, the normal superannuation provided to all employees etc.).

Nothing in this Policy prevents Council from determining that in special circumstances, terminating employees may be paid additional moneys or provided with additional benefits where justified. If Council so determines, details of the severance pay and benefits shall be published in accordance with Section 5.50 (2) of the Act.

Staff Redundancy

The appropriate award provisions and adopted Procedures will apply to this Policy, which is to be read in conjunction with the Shire of Esperance Enterprise Agreement.

1. Consultation
 - a. The Local Government will consult employees likely to be affected by any proposed change as to the need for and/or reason for the change and no definite decision will be made until this process has been followed.
 - b. Where an employer has made a definite decision that the employer no longer wishes the job the employee has been doing to be done by anyone, and this is not due to the ordinary and customary turnover of labour and that decision may lead to the termination of employment, the employer shall hold discussions with the employees directly affected and with their representative.
 - c. The discussions shall take place as soon as is practicable after the employer has made a definite decision which will invoke the provisions of paragraph (b) hereof, and shall cover, inter alia, any reasons for the proposed terminations, measures to avoid or minimise the terminations

and measures to mitigate any adverse effects of any terminations on the employees concerned.

- d. For the purposes of the discussion the employer shall as soon as practicable provide in writing to the employees concerned and their representative, all relevant information about the proposed terminations including the reasons for the proposed terminations, the number and categories of employees likely to be affected and the number of workers normally employed and the period over which the terminations are likely to be carried out.
- e. Provided that any employer shall not be required to disclose confidential information, the disclosure of which would be inimical to the employer's interests.

2. Transfers Within the Organisation

- a. Wherever possible and practical, appropriate employees should be offered a transfer to other positions within the enterprise and also offered the necessary and reasonable training to effect a successful transition.
- b. Where an employee is transferred to other duties for the purpose of avoiding retrenchment and those duties attract a lesser rate of pay than the incumbents' previous position, the Local Government will make up the difference between the two rates of pay for a period of twelve months (or 2 years in the case of employees covered by Clause 4 below). After this time, the lesser rate will apply.

3. Redundancy Benefits

Where a position has been made redundant and a suitable transfer has not been possible, an employee may be retrenched on the following basis -

- a. A maximum period of notice possible but in any event no less than 4 weeks or payment in lieu of notice to a maximum of 4 weeks.
- b. Payment of 2 weeks' pay.
- c. Redundancy provisions in accordance with the Shire of Esperance Enterprise Agreement
- d. All other pro-rata entitlements payable under the appropriate award or agreement to a terminating employee will be paid.
- e. During the notice period the employee shall be allowed reasonable time off from the job without loss of pay to attend employment interviews or other similar activities to assist the employee find employment.
- f. Where the employee was originally engaged from a distant location, reasonable relocation assistance may be provided to the place of engagement or another place (at a cost no more than relocation to original point of hire). Relocation assistance will be at Council's discretion and considered according to circumstances.
- g. Where the circumstances of a retrenched employee are such that it will be extremely difficult for that employee to find another job, Council may exercise its discretion to provide additional benefits to such employees. In this event, details of the total redundancy package for such an employee shall be published in accordance with Section 5.50(2) of the *Local Government Act 1995*.

- h. The term “weeks' pay” means the normal weekly salary or wage payable to the employee including any penalty rates normally paid but excluding overtime or intermittent payments. The term also includes salary or wages specifically sacrificed for additional non-award benefits but does not include the value of any non-award benefit normally provided for the employee’s position (such as a vehicle in the case of a senior position, the normal superannuation contribution provided to all employees etc.).
- 4. Local Government Boundary Changes, Amalgamations and Break-ups
 - a. Where a restructuring of Local Government boundaries (such as a break up of a Local Government or an amalgamation of Local Governments) results in a surplus of employees, Schedule 2.1 clause 11(4) of the *Local Government Act 1995* provides for two years guaranteed employment except where employer and employee are able to agree to a mutually acceptable severance package.
 - b. Where a transfer is not possible, retrenchment will be offered on the basis of Clause 3 above. Additional benefits may be offered in accordance with Clause 3 in an endeavour to reach a mutually acceptable severance package.
 - c. If agreement on a severance package is not possible, the employee will be offered work for two years on conditions no less favourable than the existing contract of employment.
 - d. At any time during the two years additional employment the Local Government and employee may re-open negotiations in an endeavour to reach agreement on a mutually acceptable severance package.
 - e. Where an employee remains in employment for two years pursuant to Schedule 2.1 of the *Local Government Act 1995* and is then made redundant, there will be no entitlement to the redundancy benefits provided in Clause 3. Redundancy benefits in accordance with the appropriate award will still apply.
- 5. Counselling
 - a. Counselling by a professional counselling service shall be available for any employee who has been or is to be retrenched.
 - b. In appropriate circumstances an outplacement service may also be offered. In this event no payment in lieu of such service will be made.
- 6. Termination During Notice

An employee who has been given notice of retrenchment in accordance with Clause 3 may terminate during the period of notice and shall be entitled to the same benefits and payments as if he/she had remained until the expiry of the notice. Provided that in such circumstances, the employee shall not be entitled to payments in lieu of notice.
- 7. Alternative Work
 - a. Should the Local Government have made suitable arrangements for alternative employment and the employee is not consequently unduly prejudiced, the additional benefits over and above the appropriate award arising from this Policy shall not apply.

- b. In addition the Local Government may make application to the Commission to have the award severance pay prescription varied in the case of such an employee according to the particular circumstances.
8. Exclusions
- a. Benefits provided under this Policy, which go beyond the appropriate award, shall not apply where employment is terminated as a consequence of conduct that justifies instant dismissal, including malingering, inefficiency or neglect of duty.
 - b. This Policy does not apply in the case of casual or temporary employees who were engaged for a specific time period or for a specific reason or specific task, project or program.
 - c. This Policy also does not apply to an employee engaged on a fixed term contract where the term of the contract expires.

Discipline/Dismissal

To ensure that an employee is given substantive and procedural fairness (when the need arises to discipline or terminate) the following process will be used -

1. The Manager or mediator of the conflict situation will document and record all meetings and subsequent findings.
2. Final outcomes of action taken will be at the discretion and with the full authorisation of the Chief Executive Officer.
3. All documentation relating to the investigation and meetings held should be placed on the personnel file of the employee.

Unsatisfactory Performance

In the case of unsatisfactory performance five (5) procedural steps will be followed firstly, the employee should be given a verbal warning in a counselling session between the Manager and the employee. During the session the Manager should -

1. clearly outline the performance problems and ensure work standards have been set and confirm conduct expected.
2. explain that the discussion may constitute a formal warning.
3. provide the employee an opportunity to respond.
4. Identify, assess and analyse the problem and take appropriate action to improve work performance/conduct
5. fix an agreed review date to re-assess the performance.

If performance has not improved at the agreed date then the Manager may give a written warning outlining the nature of the problem. If it is the intent of the Manager to forward a written warning at this stage an offer to the employee of having a representative present will be made.

Again the Manager should make the employee aware that if unsatisfactory performance continues his/her job could be in jeopardy. Once again at this stage counselling or training will be offered.

Where there is a need for performance improvement, the manager, HR and the employee may develop a Performance Improvement Plan (PIP). Should performance

remain unsatisfactory after the review date then the employee should again be counselled in accordance with the above procedures. A final written warning will be issued and a date set for review.

Finally, performance should again be reviewed at the date set and if it is still unacceptable the Manager should consider whether alternatives to termination are available and if alternatives are not practicable the decision to terminate with notice may be taken.

Termination

Prior to any discussion of termination with the employee the Manager will consult and present written findings to the Chief Executive Officer. Should termination of the employee be decided then the following process will take place -

1. A meeting will be held with the employee, his/her supervisor and representative if requested.
2. Review the steps taken to counsel the employee inclusive of the documented verbal warning and/or written warnings.
3. The employee will be given an opportunity to respond to the termination proposal.
4. The CEO will determine an appropriate outcome or course of action.
5. Issue the employee with a written notice of termination explaining the reasons for dismissal and all entitlements owing.

All discussion relating to discipline or dismissal procedures will remain confidential.

It is essential that all areas of the Shire adopt these procedures to ensure -

1. Strong corporate governance.
