

Candidate Details

Ballot paper name	BARRETT, Alex
Candidate name	Alex BARRETT
District	Shire of Esperance
Nominating for	Councillor for Town Ward
Election type	Ordinary
Enrolment status	BARRETT, Alex is eligible to stand for election as a resident of the Shire of Esperance.

Your candidate for Esperance Town Ward.

A vote for Alex is a vote for a stronger, safer and more connected Esperance.

I'm proud to call Esperance home. Many of you will know me through grassroots sports and community activities - whether umpiring, running cricket programs, or working as a support worker with GIFSA.

Community safety is my top priority. I believe families, clubs, and volunteers are at the heart of our town and I'm committed to supporting them through better resources, stronger safety, and practical improvements that help Esperance thrive.

My priorities for a safer Esperance are:

- Safer streets and community areas with improved lighting.
- Accessible beaches for all ages and abilities.
- Improved coastal safety for locals and visitors.

I believe council should be accessible and responsive, and that local voices must guide local decisions. As your councillor, I'll always listen first and work with you to strengthen our community.

Additional Information

I'm Alex Barrett, and I'm running for the Esperance Town Ward because I want to see our community continue to grow stronger, safer, and more connected. Since making Esperance my home, I've thrown myself into local life as A-Grade Captain and Committee Member of the Ports Cricket Club, as a Cricket Program Officer with the WACA delivering school programs across the region, and as a support worker with GIFSA helping those in need.

I also love getting amongst the fantastic community groups that make Esperance unique, such as South Peak Adventures and Sol Social. These experiences have given me a wide perspective on what makes our community thrive and where we can do better.

Community safety is my top priority. I've spoken with locals about the need for better street lighting in places like Castletown Quays, safer shared pathways for walkers and runners along our foreshore, and improved coastal safety for locals and visitors.

As a passionate camper and outdoors enthusiast, I enjoy spending time at Cape Arid. Locals and visitors have told me that during the peak summer months, emergency services in our outer areas come under real pressure, with call-outs taking considerably longer than in town. I'll advocate to work with our paramedics and emergency services to ensure people in every part of our region feel safe and supported.

Accessibility is another key focus. From pram and wheelchair access at our amazing beaches, to ensuring our public spaces are inclusive for seniors and people with disabilities, I'll push for practical improvements that make Esperance welcoming for all.

I believe council should be accessible and responsive. That means listening first, engaging openly, and keeping the community informed about decisions. My approach will always be practical and people-focused.

Local voices matter, and I want to make sure yours is heard. Together, we can build an Esperance that is safer, stronger, and better connected for everyone.
