

## ASS 023: CROSSOVER CONSTRUCTION

<b>Document Status:</b>	Current	<b>CM Ref:</b>	D16/28981[v4]
<b>Responsible Officer:</b>	Manager Asset Development	<b>Version No:</b>	4
<b>Date Adopted:</b>	January 1991	<b>Resolution #:</b>	O0191-178
<b>Date Reviewed:</b>	March 2022	<b>Resolution #:</b>	O0322-062

### Objective

- To ensure all crossovers within the Shire of Esperance are constructed to an acceptable standard.
- To ensure the Shire of Esperance obligation is fulfilled under, the Local Government Act 1995, Schedule 9.1, Clause 7 and the *Local Government (Uniform Local Provisions) Regulations 1996*, Regulations 12, 13, 14 and 15.

### Policy

When a crossover is constructed within the Shire of Esperance, a permit is required detailing construction standards, levels and permission to connect to a public thoroughfare prior to construction starting. Upon completion of the compliant crossover the property owner will be reimbursed 50% of the value of a standard crossover as defined by the Shire of Esperance if it is the first constructed crossover to the property.

This policy is applicable to Residential, Industrial/Commercial Areas, Semi Rural and Rural properties.

Please refer to the Crossover Management Practice for specific implementation standards and details.

### Objective

- To ensure crossovers are constructed with consideration to existing or proposed road infrastructure including footpaths, roads and drainage in relation vertical and horizontal alignment.
- Have a uniform and practical design along the street verge to provide a negotiable footpath to the public and compatibility within the streetscape.
- Reduce drainage problems caused by silt contaminated runoff.
- Prevent traffic hazards by controlling the location of crossovers, particularly at intersections on corner blocks.
- Improve access to properties.
- To ensure stormwater does not enter properties from the road

### Permit Responsibility

Application for a crossover is the responsibility of the property owner. A person must not carry out any work on road reserve unless a permit has been issued.

Securing a Permit

A crossover application is lodged by the property owner / owner's representative. A permit is normally issued within five (5) working days unless detailed design investigation is required. Processed permits are mailed to the property owner however upon request can be emailed, faxed or obtained from the Asset Management Department.

A permit is valid for 6 months and needs to be renewed if construction is not completed within that period.

Non Compliance

Crossovers, constructed without a permit or not in accordance with the Shire's Crossover Specification or not in accordance with the conditions stated on the permit, may be required to be removed and replaced correctly at the expense of the owner.

The Shire contribution will not be paid for non-compliant crossovers or crossovers constructed prior to the permit being issued.

Maintenance

Owners are responsible for all maintenance of a crossover between the edge of the carriageway and their property boundary.

Strata Titled Properties

In the case of Strata-titled properties, the Shire contribution referred to in this Policy shall apply only to the parent lot and the refund will be payable to the body corporate.

A Shire contribution will only be paid for the first crossover to be constructed on the parent lot.

Council Contribution

Upon completion of the compliant crossover the property owner will be reimbursed 50% of the value of a standard crossover category as defined by the Shire of Esperance if it is the first constructed crossover to the property.

The square meter rate for each crossover category will be set in the Crossover Management Practice.
