

Community Consultation Outcomes – Holiday Houses

Council have received the Consultation Outcomes Report, compiling all feedback from the recent community consultation on holiday houses in Esperance, and requested that the CEO prepare a report on priority changes to the current regulatory regime. The Consultation Outcomes Report, available on the Shire website, found mixed levels of support for increased regulation of holiday houses in Esperance. Among other findings, the strongest level of support was for stronger sector governance, which was broadly supported across all stakeholder groups. The report on priority changes is expected to be complete and considered by Council by the end of 2022.

Citizen of the Year
