## **Funding for Condingup Community Centre Expansion**

The Esperance Shire Council has endorsed a funding application for the Condingup Community Centre Expansion Project at the September Ordinary Council Meeting.

Council have supported the CSRFF application from the Condingup District Recreation Association which will go towards the Condingup Community Centre Expansion Project Stage 1. In addition to this support the Shire will also contribute one third of the costs needed to fund the project, up to a maximum of \$260,410, subject to the CSRFF application being successful.

Council have also endorsed in-principle support for a self-supporting loan in favour of the Condingup District Recreation Association to assist with delivery of this project.

This project will see the relocation of bowling greens and tennis courts to the Condingup Community Centre providing a collocated facility for sport and recreation.

Shire President Victoria Brown said, "This will be a fantastic addition for the Condingup Community and means a number of sports are all collocated in close proximity. The Community Centre provides a great space for social connection, it will be fantastic to see the project started and eventually completed. Supporting our satellite community centres is vital in building a strong and resilient community."
