Dempster Head Management Plan Open for Comment

At the March Ordinary Council Meeting Council resolved to receive the Draft Dempster Head Management Plan 2018 and release the document for public comment for a period of 21 days starting from 6 April 2018.

South Coast Natural Resource Management was engaged to undertake key works to review and update the 2003 Dempster Head Management Plan to reflect current conditions and provide clear direction on the future management of the reserve.

We want to make sure the reserve can be enjoyed by future generations and that the plan is reflective of our community's social and environmental needs."
