SHIRE LAUNCHES NEW WEBSITE

The Shire of Esperance is pleased to announce the successful launch of its brand new, easier to navigate website!

The new website makes it easier than ever for users to find information and is more reflective of our dynamic community and region. With the utilisation of new technology the site can be updated faster, be more interactive and will see increased efficiencies of Shire resources due to simpler administration requirements.

The website is clearly divided into sections Live, Work, Play, Develop and Your Council and has easy to locate contact numbers, forms and information. The new site assists in highlighting what Esperance has to offer, with stunning visuals and more information than ever before.

It will be regularly updated with the latest Council news, meeting times, agendas and minutes and easy links to Shire services such as the Library, Civic Centre, Bay of Isles Leisure Centre, Volunteer Resource Centre, Home Care and Visitor Centre.

CEO Matthew Scott said "The new website will make it easier for residents, visitors, and those outside Esperance looking for what Esperance has to offer. We hope that this ease of use will mean greater interaction from the community and see an improvement in overall communication."

To visit the new website go to www.esperance.wa.gov.au
