## **SKATE CLINICS HUGE SUCCESS**

The Shire of Esperance will be holding two more skate workshops in May and June this year. This comes after the success of the first clinics run over 29 and 30 April, which were fully booked out with 45 young participants attending.

Registrations for the clinics on 27 and 28 May have already reached capacity, while signups for the clinics on 24 and 25 June will open soon.

The skate clinics are run by Tailtap Skate Clinics at the Esperance Skate Park with three age categories to cater for a variety of needs.

The April, May and June clinics are provided free of charge thanks to the generous support of Horizon Power, Southern Ports Authority and the Shire of Esperance.

The aim of the clinics is to give kids of all ages and abilities an opportunity to develop their skate skills with the coaches also encouraging older skaters to teach those just starting to learn.

Shire President Victoria Brown said, "It is fantastic to see such a big interest in these clinics reflected in the fact that the next one is already booked out,"

"There has been an increase in those interested in skating or learning to skate since the new skate park opened and these clinics are a great way to learn the basics, or further develop skills."
