Foreshore Glass Panels

The damaged glass panels along the foreshore have now been replaced. Two Foreshore Toilet Blocks, glass panels at the Brazier St BBQ area and another four public toilet facilities were maliciously damaged in April this year.

The large pictorial panels were made from laminated glass are approximately \$7,500 to \$10,000 each, the cost of this damage will be covered by the Shire's insurance. It's great to see our history reflected in these images back on our foreshore, which one is your favourite?
